## Foreword

This exercise of Result Analysis has been taken up by the DAV College Managing Committee since 1998. The lens used in analysing has been inclusive, thoughtful and insightful. I am glad that at the school level too, there has been brainstorming, analysing and assessment of the results, and for this reason the schools have shown a definite improvement over the past years.

Performance Analysis presents a vivid picture, from all relevant angles of the academic standards achieved by our schools at the Secondary and Senior Secondary Levels. A detailed study of this document will help our schools to review the indicators involved in measuring the performance of students and thus, guide them towards achieving greater excellence.

This document is prepared as a stimulus for discussion on the matter. The intent is to generate responses about the concerns raised and to analyse the results at the school level, and devise processes aimed at promoting essential improvements in schools.

The major thrust in our efforts is to improve the quality of education in our schools and so, raise the academic performance of the students. True to the DAV philosophy, where modernity blends with tradition, we have focused on the paradigm shift in education. There is more focus on the learners as knowledge creators than on the educators. Today's child in the modern world is to be prepared to learn and manage vast amount of information. We have to encourage in the children a spirit of inquiry to facilitate participative teaching-learning process. Our aim is to empower teachers with knowledge, skills and positive attitudes so that they start using technology and art integrated activities as a vital tool in their teaching process and encourage students in attaining these objectives.

I sincerely feel that this study will be a comprehensive and valuable experience for our schools.

# Introduction

## Assessment Structure

### Academic Year 2024-25 for Class X

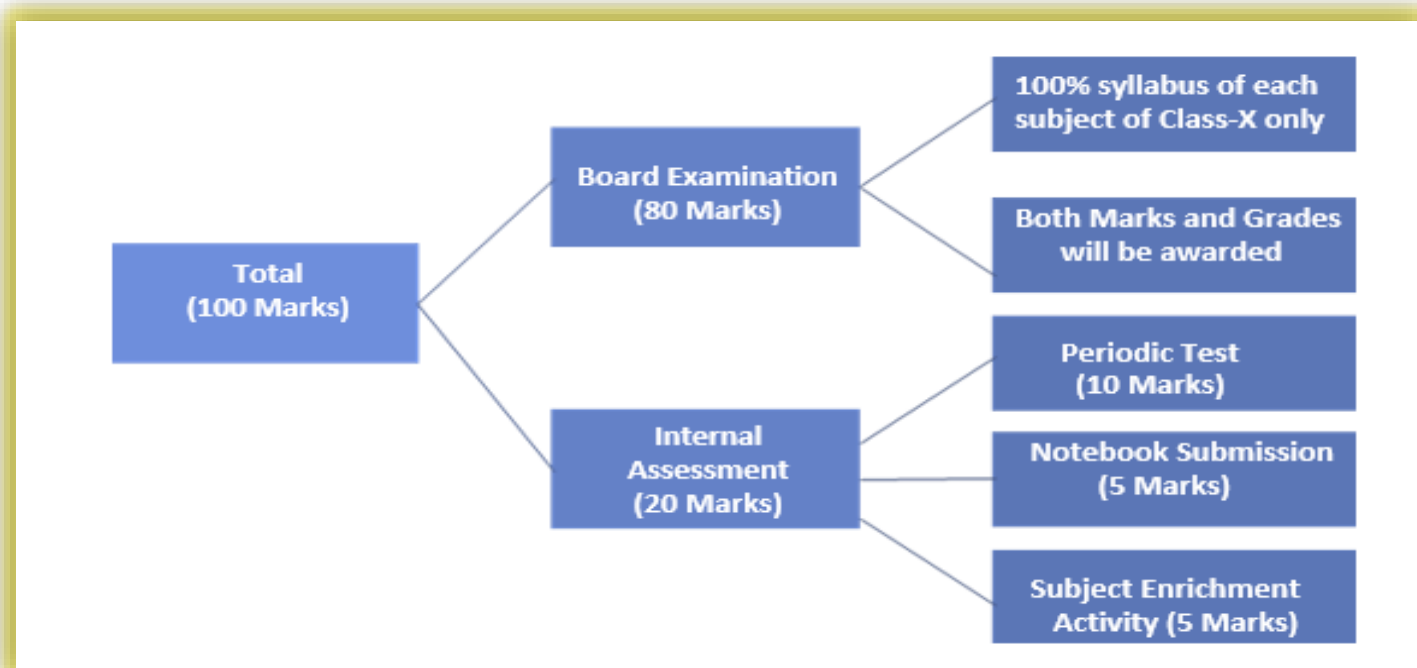

1

#### Assessment: A Pathway to Purposeful Learning

Assessment is one of the most vital components of the learning process. It serves as a roadmap to achieving specific learning objectives by using a variety of assessment tools. Through these tools, educators gain valuable insights into whether the intended learning outcomes have been successfully met.

As educational goals have evolved over time, we have shifted from the traditional **3Rs** (Reading, Writing, Arithmetic) to the **4Cs** of 21st-century skills—**Collaboration, Communication, Creativity, and Critical Thinking**. In alignment with these goals, we strive to provide students with ample opportunities to learn, practice, think critically, analyze information, and draw meaningful inferences.

With these learning objectives in focus, the **Central Board of Secondary Education (CBSE)** has prescribed the following assessment structure for **Class X**.

Class X serves as a crucial gateway to higher education and future career choices, making appropriate assessment all the more important. As an integral part of the learning process, assessment provides meaningful insights into a student's performance and progress. The **CBSE's uniform system of assessment** is a well-structured tool designed to guide both students and teachers in achieving the defined learning objectives effectively.

## Scholastic Area

### Total 100 Marks

(Syllabus for assessment will be only from Class-X)

Subjects	80 Marks (Board Examination) Student has to secure 33% marks out of 80 marks in each subject	20 Marks (Internal Assessment) Student has to secure 33% marks out of overall 20 marks earmarked in each subject		
		Periodic Test (10 Marks)	Notebook Submission (5 Marks)	Subject Enrichment Activity (5 Marks)
		(i)	(ii)	(iii)
Language 1	Board will conduct Class-X examination for 80 marks in each subject covering 100% syllabus of the subject of Class-X only.  Both Marks and Grades will be awarded for individual subjects.  9-point grading will be same as followed by the Board in Class-XII.	Periodic written test restricted to three in each subject in an academic year. Average of the best two tests to be taken for final marks submission.	This will cover: • Regularity • Assignment completion • Neatness and upkeep of notebook	Speaking and Listening Skills
Language 2				Speaking and Listening Skills
Science				Practical Lab Work
Mathematics				Maths Lab Practical
Social Science				Map Work and Project Work

## Co-scholastic Area

Schools should promote co-curricular activities to support the holistic development of students. These activities will be assessed using a 5-point grading scale (A to E) without any descriptive indicators.

Activity	To be graded on a 5-point scale (A-E) in School	Areas and Objectives (as prescribed in the Scheme of Studies for Subjects of Internal Assessment)
Work Education or Pre-Vocational Education	By the concerned Teacher	Work education is a distinct curricular area for students for participation in social, economic and welfare activities. Student gets a sense of community service and develops self-reliance. (for pre-vocational education as per scheme of studies)
Art Education	By the VA/PA or the concerned teacher	Art education constitutes an important area of curricular activity for development of wholesome personality of the students. Students will select one or more forms of creative arts.
Health & Physical Education (Sports/Martial Arts/Yoga/ NC C, etc.)	By the PE Teacher	Health and Physical Activity preferably sports must be given a regular period. Students should be provided opportunities to get professionally trained in the area of their interest. Indigenous sports, yoga and NCC must be encouraged in the schools creating a sense of physical fitness, discipline, sportsmanship, patriotism, self-sacrifice and healthcare.

Discipline plays a significant role in shaping a student's career and building character.

## Discipline

Sincerity, good behaviour, and strong values foster strength, unity, and cooperation. Therefore, the element of discipline has been included. The class teacher will be responsible for grading students on a 5-point scale (A to E).

The Performance/Result Analysis of CBSE Examinations was initiated by DAV in 1998. The first analysis was conceptualised to assess the performance of students appearing in the CBSE Examinations at both Secondary and Senior Secondary levels. Since then, this document has been published annually and has proven highly effective in identifying the strengths and weaknesses of our schools.

It has served as a guiding tool for planning and implementing in-service training to further enhance academic standards. This annual exercise of monitoring and evaluating student performance has acted as a 'lighthouse' for the DAV Organisation, enabling it to maintain a vigilant focus on the quality of its institutions. Ultimately, this comprehensive task supports Heads of Institutions in identifying and implementing the necessary remedial measures for continuous institutional improvement.

It is expected that the Performance Analysis will be able to:

- **Sensitise DAV institutions to take cognizance of their positions at the local, zonal, and national levels, with the objective of setting benchmarks for further improvement in academic standards.**
- **Present a comparative analysis of the academic performance of DAV CMC-run schools vis-à-vis other non-DAV schools affiliated with CBSE.**
- **Provide constructive feedback to schools to help them identify their areas of strength and weakness, and to plan appropriate remedial measures.**
- **Establish a comprehensive database to support the planning and implementation of Teacher Training Workshops under the Performance Enhancement Programmes (PEP).**

**The steps involved in the preparation of this document are:**

- collecting the data from all CBSE affiliated DAV school,
- analyzing and interpreting the data trends,
- comparing and further analysing the figures,
- SWOT analysis of the institutions and
- benchmarking the levels.

The statistical information has enabled the schools to:

- Document their progress effectively.
- Compare their overall performance with that of similar schools.
- Be aware of their school's performance data in comparison with national performance data.
- Maintain a comprehensive and focused record of each student's individual progress.
- Make a concerted effort toward enhancing overall performance.

## 2.1 The Archives

Studying past data is valuable for benchmarking, as it enables schools to identify areas for improvement and use historical trends to assess and evaluate their performance. It also allows teachers to reflect on and adopt new strategies to better prepare students and enhance their performance in examinations.

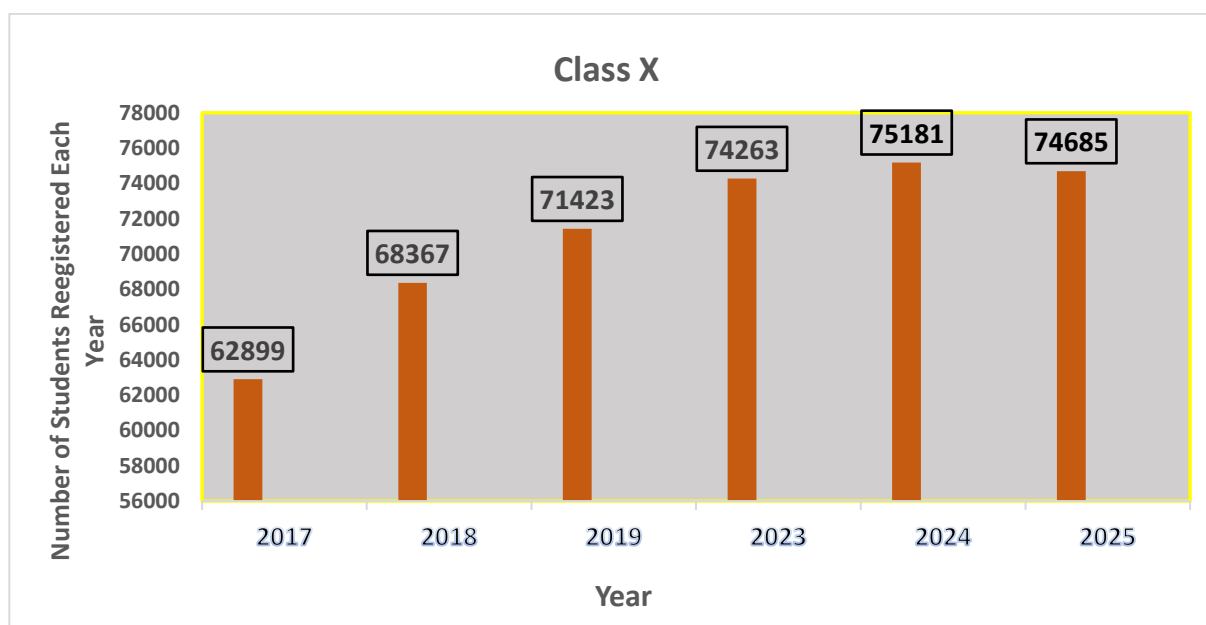

An increase in student enrolment in the DAV Public/Model Schools is evident, from the Table 2.1.1 and 2.1.2.

**Table 2.1.1**

**Growth Trend of Students in Std X in DAV Public/Model Schools**

Level	2017	2018	2019	2023	2024	2025
X	64899	68367	71423	74263	75181	74685

**A Graphic Representation of the Data in Table 2.1.1**

### Inference

From the Table 2.1.1, we find that for the last five years, i.e. from 2017 to 2024, (excluding the COVID era) the cumulative growth in absolute numbers is **10282**, showing a percentage growth of **20.12%**.

However, year 2024-25 has shown a slight decline. the annual percentage growth for the past five years (excluding the COVID era) is shown:

Year	Percentage Growth
2016-17	3.69
2017-18	5.34
2018-19	4.47
2022-23	4.27
2023-24	2.01
<b>2024-25</b>	<b>1.98</b>

**Table 2.1.2**

<b>XII</b>	<b>42039</b>	<b>45662</b>	<b>48675</b>	<b>44237</b>	<b>48404</b>	<b>46981</b>

**A Graphic Representation of the Data in Table 2.1.2**

It is encouraging to note that more and more girls are enrolling in DAV institutions for education. Tables 2.1.3 and 2.1.4 show an increase in the number of girl students in the Board classes in the year 2025.

Since most DAV schools are located in remote areas, primarily in small towns and villages, this rising enrolment of girls not only reflects a positive shift in the **mindset of rural communities** but also demonstrates their growing confidence in DAV institutions—especially with regard to the **safety and well-being** of their wards.

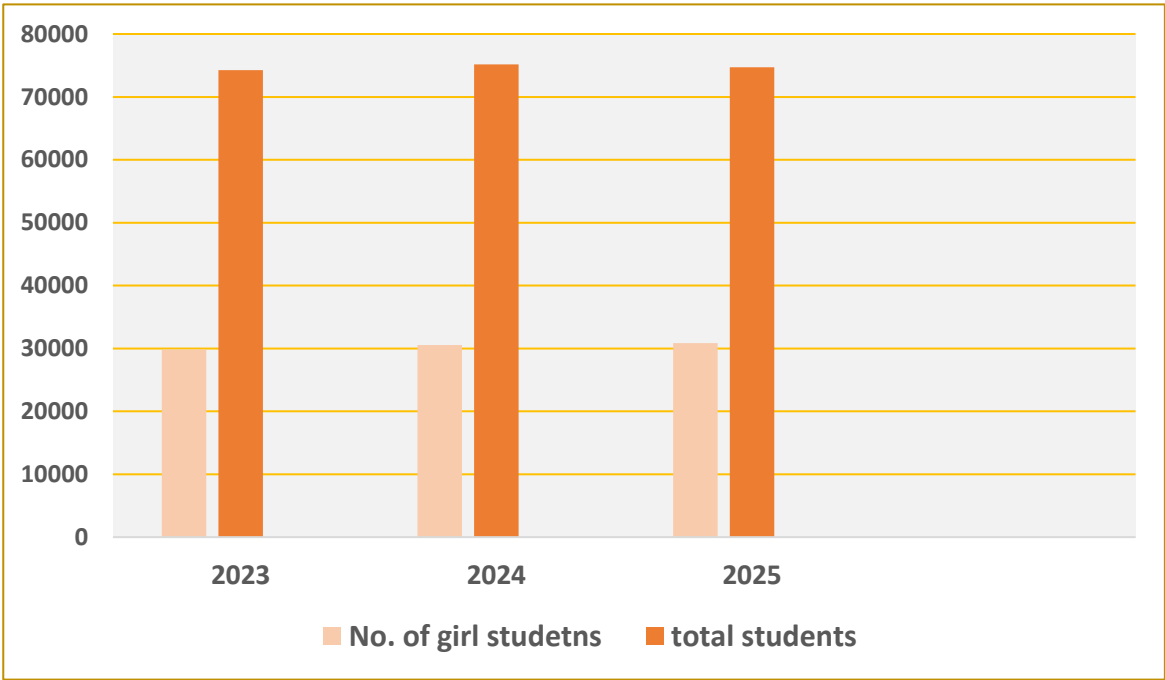

It is also worth mentioning that, although the overall enrolment of students has decreased, the number of girl students has shown a notable increase.

Table 2.1.3

Number of Girl Students in DAV Schools at Std X Level

Year	Std X Girl Students	Std X Total Students	Percentage of Girl Students to Total Students in Std X
2023	29824	74263	40.16
2024	30524	75181	40.60
2025	30850	74685	41.31

A Graphic Representation of the Data in Table 2.1.3

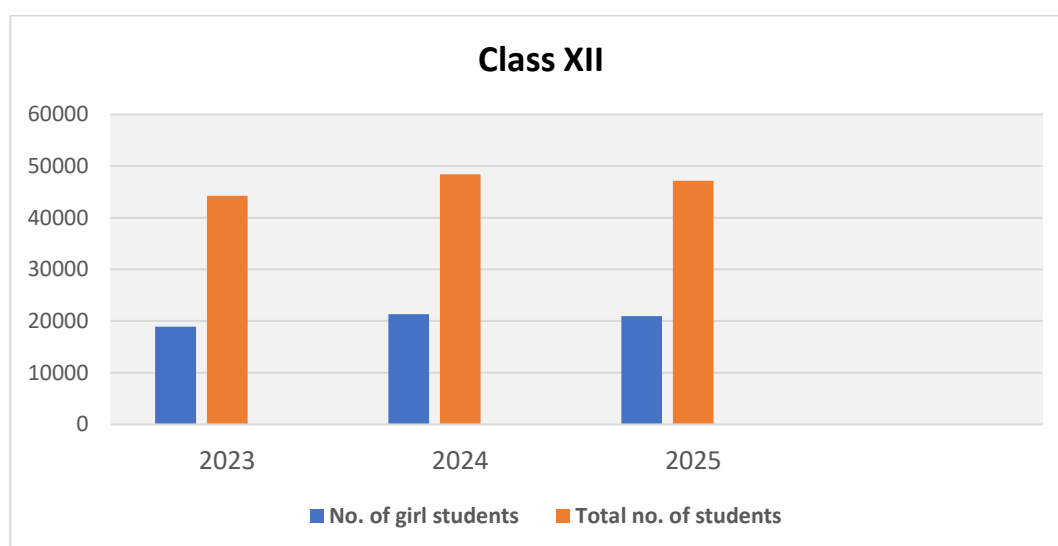

**Table 2.1.4**

**Number of Girl Students in DAV Schools at Std XII Level**

Year	Std XII Girl Students	Std XII Total Students	Percentage of Girl Students to Total Students in Std XII
2023	18892	44237	42.71
2024	21315	48404	44.04
2025	20948	47135	44.44

**A Graphic Representation of the Data in Table 2.1.4**

**Inference**

The data presented in Tables 2.1.3 and 2.1.4 suggest the following inferences:

- DAV institutions provide equal opportunities to both girls and boys.
- DAV has made significant efforts in transforming the mindset of people, particularly those residing in small towns and rural areas.
- Parents place considerable trust in DAV institutions, especially concerning the safety and well-being of their children.

## Result Analysis - The Qualitative Analysis (QPI)

3

In educational settings, **Qualitative and Quantitative analysis** are essential tools for understanding and improving school performance.

- **Quantitative Analysis** involves the use of numerical data to measure student performance, teacher effectiveness, and overall school outcomes. This type of analysis provides measurable benchmarks and trends over time, allowing schools to set goals, track progress, and make data-driven decisions.
- **Qualitative Analysis** captures the context, experiences, and perspectives that quantitative data may miss. This helps school leaders understand the "why" behind the numbers and gain insights into school climate, teaching practices, and student engagement.

### Guiding School Improvement:

Together, these analyses provide a comprehensive view of school performance. Quantitative data identifies areas of strength and weakness, while qualitative insights explain underlying causes and inform targeted interventions. When used effectively, they support strategic planning, resource allocation, professional development, and policy decisions—ultimately enhancing student learning and overall school effectiveness.

Analysis of the performance of DAV Public/Model Schools has been undertaken at two levels: **Qualitative and Quantitative**.

Quantitative Analysis	Qualitative Analysis
The Quantitative analysis reveals the percentage of students who have qualified, out of all the students who had appeared for the same examination.	The qualitative analysis reveals the degree of merit of the performance (based on the average score) of an institution.

## Qualitative Analysis

The **qualitative analysis** reveals the degree of merit of the performance (based on the average score) of an institution.

$$\text{QPI} = \frac{\text{Grand total marks of the appeared students}}{\text{Total number of students} \times \text{Number of subjects}}$$

To understand and evaluate the current level of performance, it is essential to compare it with that of previous years.

Keeping this principle in mind, the Qualitative Performance Index (QPI) for the past three years for Classes X and XII has been analyzed to assess the growth trend of DAV Public/Model Schools.

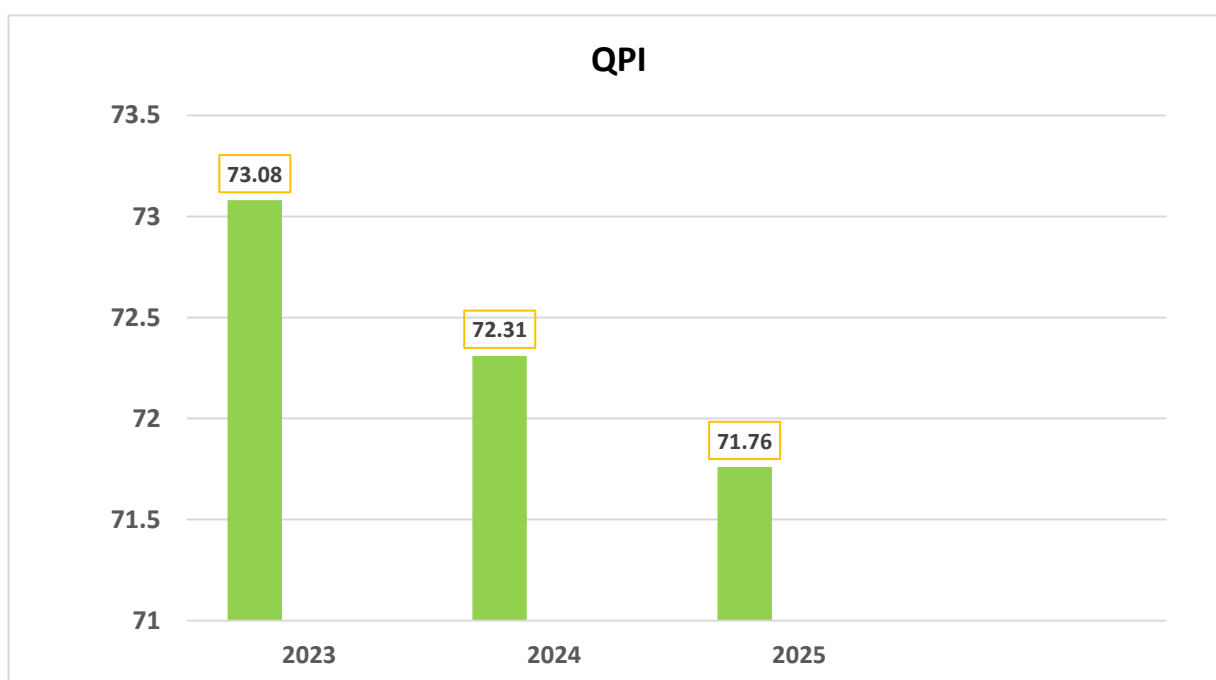

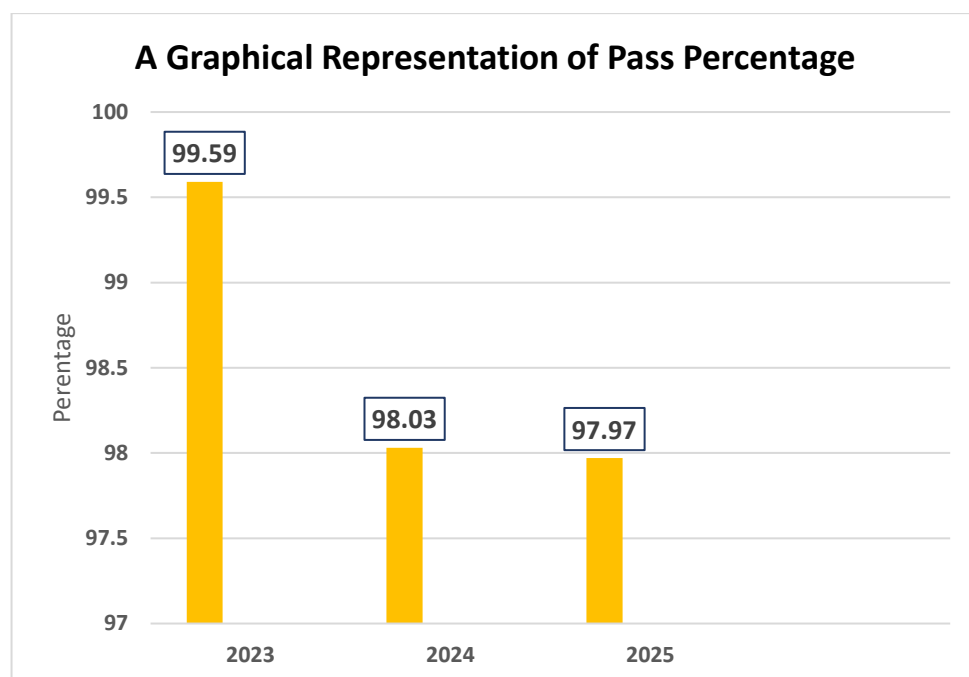

*Note: This analysis has been carried out by considering all main or core subjects, unlike the school-level analysis where the best five out of six subjects are taken into account.*

**Table 3.1.1**

**Trends of the Past Three Years of QPI and Pass Percentage of D A V Public/Model Schools at Secondary Level**

Year	Secondary Level (Std X)		
	No. of Schools	Pass %	QPI
2023	568	99.59*	73.08*
2024	582	98.03*	72.31*
2025	591-72=519	97.97*	71.76*

*(Note: The 72 schools subtracted from the total number are the Mukhyamantri schools from the state of Chattisgarh)*

### Inferences

From Table 3.1.1–

The pass percentage for the past three years has consistently remained above 95%, which is a commendable indicator of DAV's academic excellence in the Board Examinations.

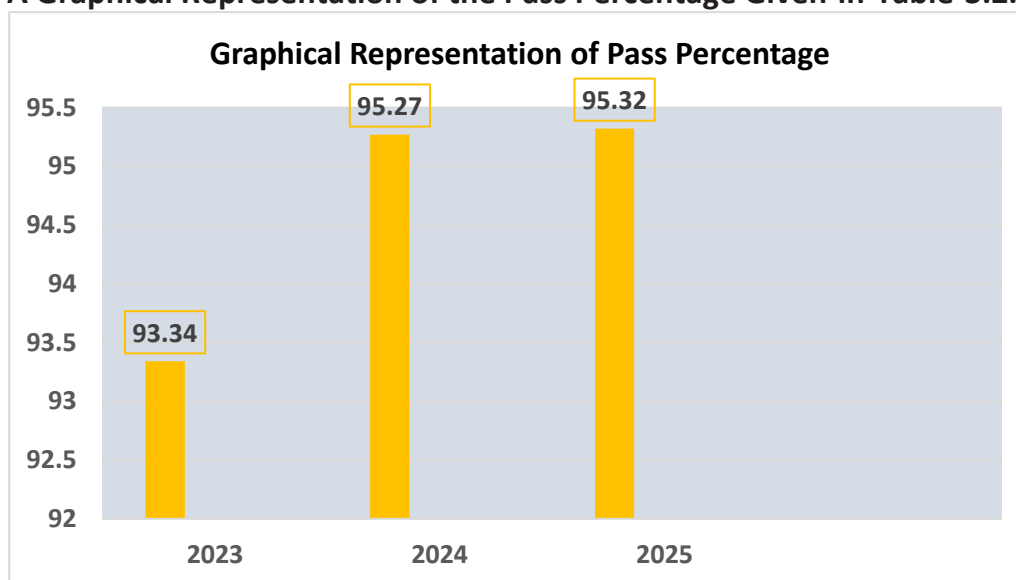

**Table 3.2.1**

**Trends of the Past Years of QPI and Pass Percentage of  
DAV Public/Model Schools at Senior Secondary Level**

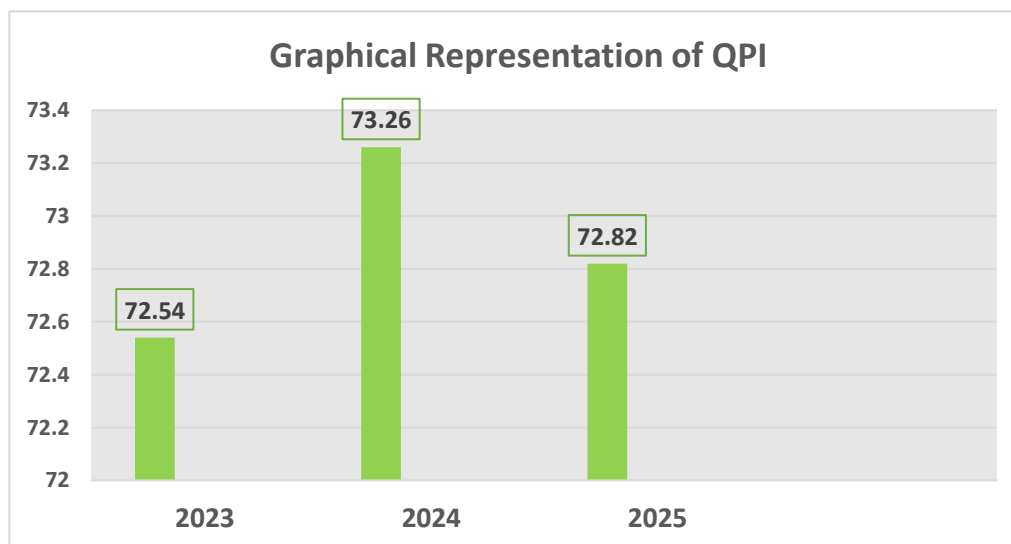

Year	Senior Secondary Level (Std XII)

**A Graphical Representation of the Pass Percentage Given in Table 3.2.1**

**A Graphical Representation of QPI Given in Table 3.2.1**

## Inferences

### From Table 3.2.1–

- It is encouraging to note that the number of schools eligible to present students for the CBSE (Std XII) examinations has shown a steady and consistent increase. While the growth in absolute numbers may appear modest, it reflects a sustained upward trajectory, as illustrated below:

Year	Number of Schools	Increase over last year
2023	461	04
2024	498	37
2025	516	18

- The **pass percentage** for the past two years has consistently remained **above 95%**, which is commendable indicator of DAV's academic excellence in the Board Examinations.

Year	Pass Percentage
2023	93.34
2024	95.27
2025	95.32

The Qualitative Performance Index (QPI) has demonstrated a promising upward trend over the years, improving steadily from 70.04 in 2017 to an impressive **72.82** in **2025**, reflecting consistent academic progress.

Year	QPI
2023	72.54*
2024	73.26*
2025	72.82*

\* Students of 72 DAV Mukhyamantri Schools in the State of Chhattisgarh have not been reflected in the total calculation.

## Result Profile – The Quantitative Analysis

4

The results of the Secondary and Senior Secondary Examinations conducted by the Central Board of Secondary Education (CBSE) for the session 2024–25 were declared in May 2025. An overall analysis of the results reveals that, once again, students from DAV Public/Model Schools have performed significantly better than their counterparts from other categories of CBSE-affiliated schools, thereby reinforcing our faith in the DAV system of education.

Analysis of the performance of DAV Public/Model Schools has been undertaken at two levels: **Quantitative** and **Qualitative**.

- ☉ The **quantitative analysis** reveals the percentage of students who have qualified, out of all the students who had appeared for the same examination.
- ☉ The **qualitative analysis** reveals the degree of merit of the performance (based on the average score) of an institution.

### Quantitative Analysis

#### 3.1 Quantitative Analysis at Secondary (Std X) and Senior Secondary (Std XII) Levels

##### Secondary Level

In the session 2024–25, a total of 591 DAV Public/Model Schools presented students for the Std X examination, compared to 582 schools in the previous year. This reflects an increase of 9 schools that were upgraded to CBSE-affiliated Secondary Schools in 2025.

At the Secondary level, 75,181 students from DAV Public/Model Schools appeared for the CBSE Board Examination in the session 2023–24, whereas 74,685 students appeared in 2025. Although there is a slight decline in the number of students this year, the overall result is comparable to that of the previous year.

##### Senior Secondary Level

In the session 2024–25, a total of 516 DAV Public/Model Schools presented students for the Std XII examination, compared to 498 schools in the previous year. This marks an

increase of 18 schools that were upgraded to CBSE-affiliated Senior Secondary Schools during 2024–25.

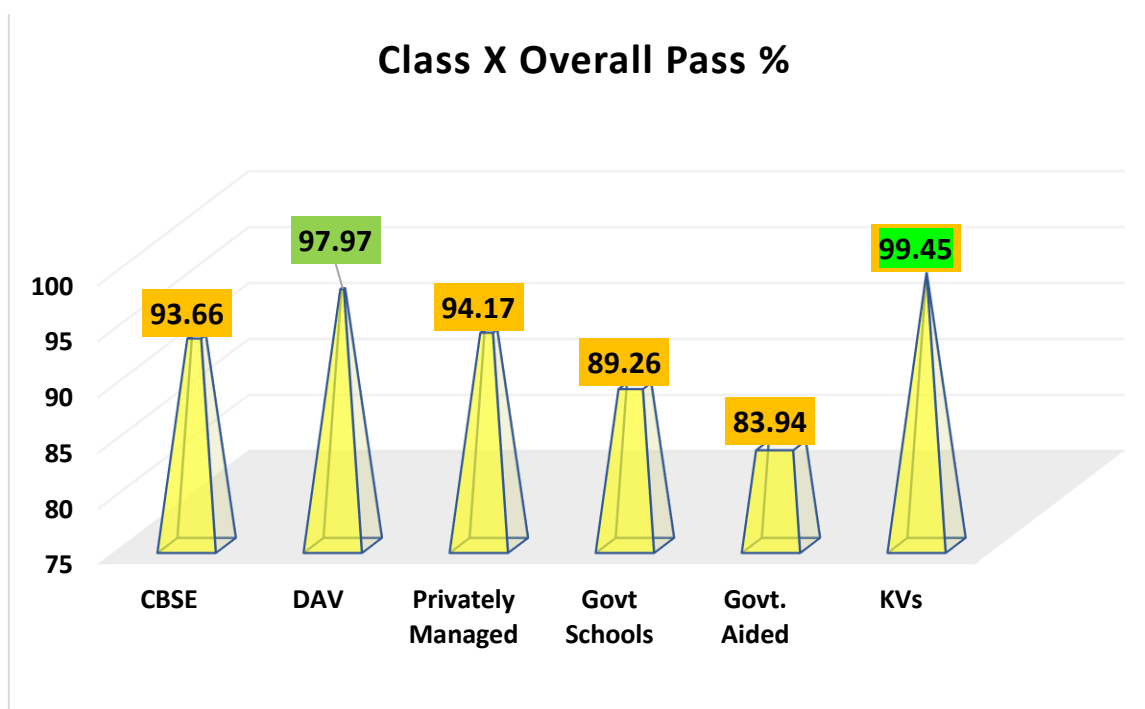

At the Senior Secondary level, **48,404** students from DAV Public/Model Schools appeared for the CBSE Board Examination in the session 2023–24, while **47,135** students appeared in 2024–25. Although there is a slight decline in the number of students this year, the overall result remains comparable to that of the previous year. Notably, students also appeared for examinations in several new skill-based subjects for the first time.

**Table 4.1.1**

**Year-wise Comparative Pass % with other Categories of Secondary Schools**

Year	CBSE Overall Pass%	DAV Pass %	Privately Managed Pass %	Govt. Schools Pass %	Govt. Aided Schools Pass %	KVs Pass%
2025	93.66	97.97	94.17%	89.26%	83.94%	99.45

**The Graphical Representations of Data Shown in Table 4.1.1**

**Inference**

*The overall pass percentage of DAV Public/Model Schools at the Secondary level has consistently remained higher than the CBSE overall average and is also higher than that of privately managed, government, and government-aided schools.*

The table below presents the percentage advantage of DAV Public/Model Schools over the overall CBSE pass percentage and that of other categories of institutions.

	DAV A	CBSE Overall B	Percentage advantage over CBSE Overall (A-B)	Privately Managed C	Percentage Advantage over Privately Managed (A-C)
2025	97.97	93.66	4.41	94.17	3.8

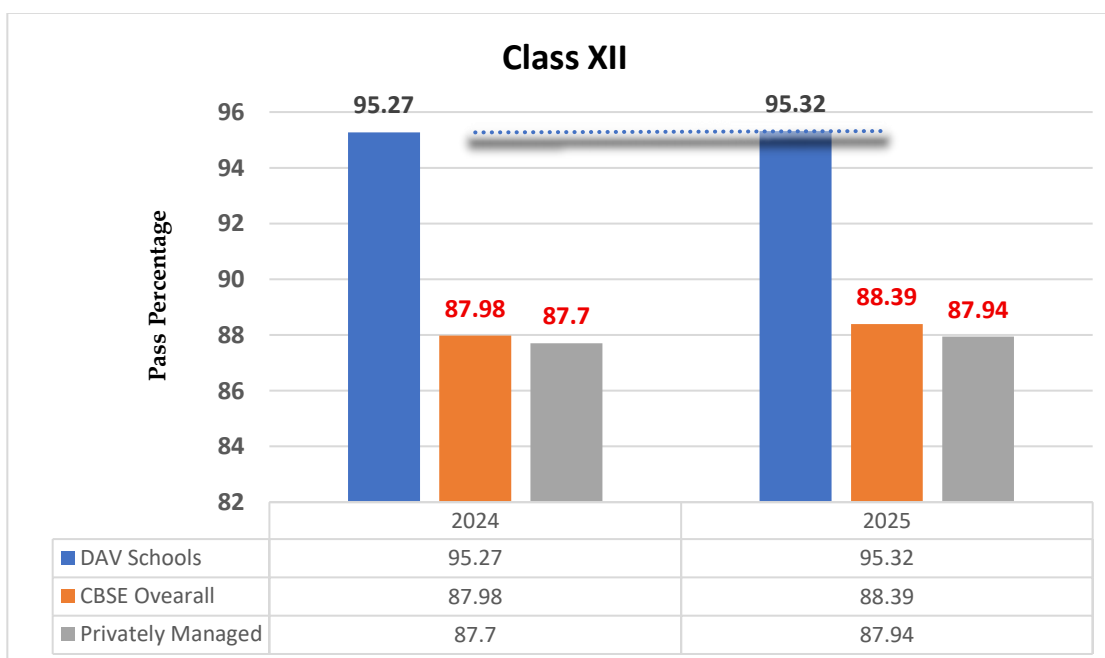

*It is quite satisfactory to note that, in comparison to the overall CBSE pass percentage and that of privately managed schools, the pass percentage of DAV Public/Model Schools is consistently higher.*

**Table 4.1.2**

**Year-wise Comparative Pass % with other Senior Secondary Schools**

Year	DAV Pass %	CBSE Overall Pass %	Privately Managed Pass %
2024	95.27	87.98	87.70
2025	95.32	88.39	87.94

**The Graphical Representations of Data Shown in Table 4.1.2**

## Inferences

*Compared to the previous year, the overall pass percentage of DAV Public/Model Schools at the Senior Secondary level has remained consistently higher than both the CBSE overall average and that of privately managed schools.*

The table below presents the percentage advantage of DAV Public/Model Schools over the overall CBSE pass percentage and that of other categories of institutions.

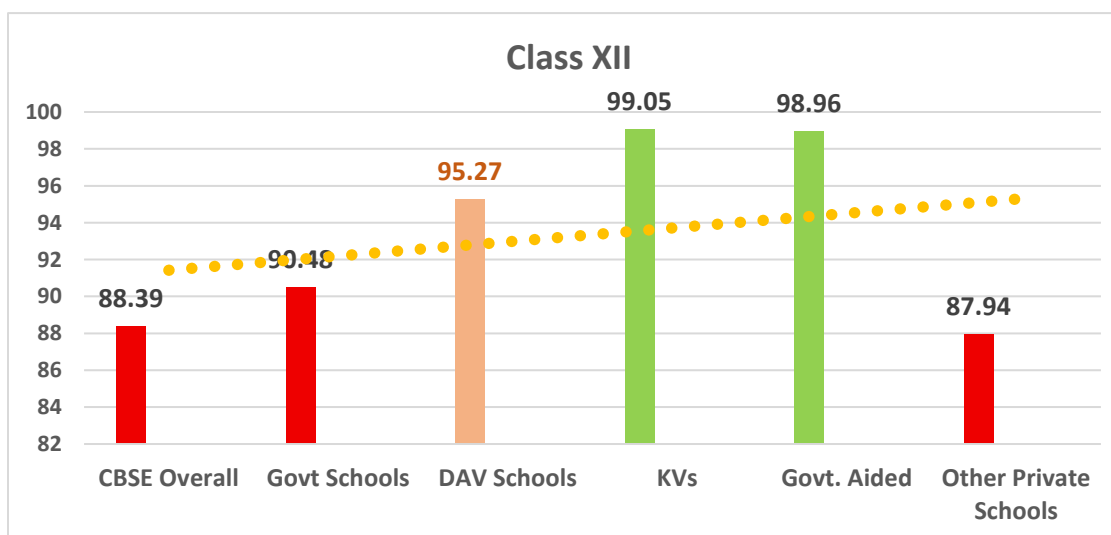

Year	DAV A	CBSE Overall B	Percentage advantage over CBSE Overall (A-B)	Privately Managed C	Percentage Advantage over Privately Managed (A-C)
2024	95.27	87.98	7.29	87.70	7.57
2025	95.32	88.39	6.93	87.94	7.38

More importantly, when compared to the CBSE overall pass percentage and that of privately managed schools, DAV Public/Model Schools have consistently maintained a higher percentage advantage over both.

**Table 4.1.3**

### Comparative Pass % with other Senior Secondary Schools in 2025

Year	CBSE Overall Pass%	DAV Pass %	Privately Managed Pass %	Govt. Schools Pass %	Govt. Aided Schools Pass %	KVs Pass %
2025	88.39%	95.27%	87.94%	90.48%	98.96%	99.05

## Zone Wise Analysis

5

This result analysis has been carried out zone-wise. In this document, zones under each Regional Officer/Assistant Regional Officer are frequently referred to. The following table shows the zone codes used for each zone and the number of schools at the Secondary and Senior Secondary levels in 2024–25 under each zone. This table can be referred to when identifying zones and locating schools within each zone.

In the previous section, we analyzed the overall performance of DAV Public/Model Schools. In this section, we will examine the quantitative and qualitative performance of each zone.

## 4.1 Zone-wise Quantitative Assessment

The zone-wise quantitative analysis presents the pass percentage of students who appeared for the Std X and Std XII CBSE Board Examinations. The pass percentage of each zone is then compared to the overall DAV pass percentage to highlight its deviation from the national index.

## 5.2 Zone-wise Qualitative Assessment

The qualitative performance of each zone reflects the overall quality of school performance in the CBSE Board Examinations at both the Secondary and Senior Secondary levels. The score derived from this assessment is referred to as the Qualitative Performance Index (QPI) of the zone.

### Categories at Secondary and Senior Secondary Levels

The six categories used to assess the Qualitative Performance of all DAV Public/Model Schools are listed below. Based on this assessment, schools are accordingly placed in the respective categories.

**Categories of Qualitative Performance for the  
Secondary and Senior Secondary Levels**

<60	60 to <70	70 to <75	75 to <80	80 to <85	≥85
Needs Improvement	Satisfactory	Good	Very Good	Outstanding	Star Performer

## Insights into Zone-wise Academic Results

6

This section provides information about the performance of Grade X and XII students based on the percentage of aggregate marks obtained by them.

All students who have passed the Std X and XII examinations have been categorized into the ranges given below, based on their aggregate marks.

- 75% & Above
- 60% to 74.99%
- 45% to 59.99%
- 33% to 44.99%
- Below 33%

The information presented in Table 6.1 for Std X and Table 6.2 for Std XII holds special significance for all zones. Each zone is required to prepare a comparative analysis of performance over the previous years in relation to the current year. Based on this analysis, zones should explore areas for improvement and formulate a specific plan of action.

### DAV Zone-Wise Performance – Std X CBSE Exam (Total Students: 72,817)

Category	% of Students	Approx. Number of Students	Observations
<b>Scored above 60%</b>	72.8%	~52,998	Indicates strong overall performance
<b>Scored 75% and above</b>	45.13%	~32,876	Nearly half achieved distinction-level marks
<b>Scored below 45%</b>	2.96%	~2,157	A small minority struggled significantly
<b>Got compartment</b>	1.97%	~1,435	These students need to reappear in one or more subjects
<b>Failed</b>	0.60%	~437	Extremely low failure rate

## Highlights:

- High Achievers: 45.13% scoring 75%+ is an indicator of academic excellence across DAV schools.
- General Success: With **72.8% scoring above 60%**, the majority performed well above average.
- Low Failure Rate: Only **0.6% students failed**, showing **effective academic support and teaching standards**.
- At-Risk Students: The ~2,157 students who scored below 45% and 1.97% in compartment may need additional academic intervention or support in grade XI and XII.

### Inference

- ✓ The performance of DAV students in the Std X CBSE Examination is highly commendable.
- ✓ A significant proportion of students (**72.8%**) **scored above 60%**, and **nearly half (45.13%) achieved 75% and above**, reflecting a strong academic foundation and effective teaching practices across DAV schools.
- ✓ The **very low failure rate** (only 0.60%) and **minimal number of compartments** (1.97%) indicate that the vast majority of students have successfully met the learning outcomes.
- ✓ Moreover, the fact that only 2.96% scored below 45% suggests that underachievement is limited and manageable.
- ✓ These figures highlight the overall academic strength of DAV institutions.

## Performance Overview Across Subjects

7

This section presents a subject-wise analysis of the performance of DAV Public/Model Schools. It aims to provide insights into academic standards at the subject level, helping schools identify their strengths and areas needing improvement, and take appropriate corrective measures.

For the academic year 2024-25, a subject-wise analysis of student performance has been conducted across all zones. This data will assist DAV CMC in planning Capacity Building Programme (CBP) workshops for teachers, particularly in subjects where student performance has been found to be unsatisfactory.

### 7.1 Subject-wise Analysis at Secondary (Std X) Level

DAV Public/Model Schools offer a wide range of subject options to students at the Secondary level. Based on their aptitude, students are provided with compulsory academic subjects such as Hindi Course A or Hindi Course B, English Language and Literature, Mathematics Basic and Standard, Science, and Social Science. In addition, depending on their interests and preferences, they may choose from a variety of skill-based subjects, which include Agriculture, Information Technology, A.I., Automotive, Introduction to Financial Markets, Introduction to Tourism, Beauty and Wellness, Food Production, Banking & Insurance, Marketing & Sales and Health Care etc..

The Table 7.1.1 presents the qualitative performance of all zones in the major subjects at the Secondary level. This detailed analysis highlights the areas where zones have excelled as well as those where performance has declined, offering clear direction for future improvement.

### Inference

Table 7.1.1 indicates that the following zones—MH-C, NCR, OR-A, OR-B, OR-C, OR-E, PB-F, PB-H, SA-C, TG-D, and UP-B—have demonstrated consistently strong performance across all the subjects listed above.

## 7.2 Subject-wise Analysis at Senior Secondary (Std XII) Level

DAV Public/Model Schools offer a wide array of subject choices at the Senior Secondary level. Students are encouraged to select subjects based on their aptitude and interests. These include core and elective subjects such as Mathematics, Physics, Chemistry, Biology, Biotechnology, Engineering Drawing, English/Hindi (Core and Elective), Sanskrit, Regional Languages, History, Geography, Psychology, Accountancy, Physical Education, Painting, Sculpture, Informatics Practices, Computer Science, Entrepreneurship, Music (Vocal, Instrumental, Percussion), Textile Science, Design & Pattern Making, Clothing Construction, Basic Design, Dyeing & Printing, IT Systems, Business Data Processing, among others.

For the purpose of subject-wise performance analysis, commonly chosen subjects have been grouped under the categories of 'Languages and Sciences', 'Commerce and Humanities', and 'Other Subjects'.

Tables 7.2.1, 7.2.2, and 7.2.3 present the qualitative performance of all zones in the major Senior Secondary subjects. This comprehensive analysis highlights specific areas where zones have excelled as well as those where performance may have declined, thereby offering clear insights for targeted academic improvement.

### Inference

Table 7.2.1 shows that the following clusters

- BR-A, BR-B, BR-E, BR-H, BR-J,
- CG-B, CG-F, CG-E, CH, DEL,
- HP-A, HP-E, HP-F, HR-A, HR-D,
- MH-A, MH-C, NCR,
- OR-C, OR-C,
- PB-A, PB-B, PB-C, PB-F, PB-H,
- SA-A, TG-D, UL-A, UP-D and UP-E regardless of the streams they offer, have demonstrated strong academic performance in languages, indicating consistent emphasis on linguistic proficiency across disciplines.

The students of following clusters BR-A, CH, DEL, HP-A, HP-D, HP-E, HR-C, MH-A, MH-C, NCR, OR-B, OR-C, PB-F, PB-H, SA-A, SA-C, TG-D and WB-A have demonstrated consistently strong performance across all the subjects listed above.

### The Achievers at National Level

This chapter highlights the exceptional achievements of DAV schools that have excelled at the national level, bringing pride to the DAV fraternity through their exemplary performance and unwavering dedication.

This section provides a concise overview of the national-level performance of DAV schools during the academic year 2024–2025. It captures key highlights, including top-ranking institutions, the rationale behind categorizing schools based on student strength. The data presented here serves as a snapshot of excellence across the DAV network, reflecting the collective efforts and achievements of our institutions.

In this section, a ranking of the top three schools at the national level for the academic year 2024–2025 has been undertaken, based on the **Qualitative Performance Index** and the **number of students** enrolled at the Secondary, Senior Secondary level.

**Note:** It was acknowledged that comparing a school with, for instance, 40 students to one with over 200 students at the Senior Secondary level would not yield an equitable assessment.

To ensure fairness and promote healthy competition, schools have been classified into six categories according to their student strength. This categorization fosters a more balanced and meaningful evaluation of performance.

The six categories based on student strength are listed below:

- ✓ **Category I - Students' Strength 401 and Above**
- ✓ **Category II - Students' Strength 321-400**
- ✓ **Category III - Students' Strength 241 - 320**
- ✓ **Category IV - Students' Strength 161-240**
- ✓ **Category V - Students' Strength 81-160 and Above**
- ✓ **Category VI - Students' Strength 80 and Below**

All such schools, under each category, are awarded the 'Pride of DAV' certificates, signed by the President of the DAV College Managing Committee.

### Inference

The overall analysis reflects excellent student performance across a wide spectrum of academic and skill-based subjects. In the core academic subjects, a significant number of students achieved full marks, showcasing exceptional academic rigor.

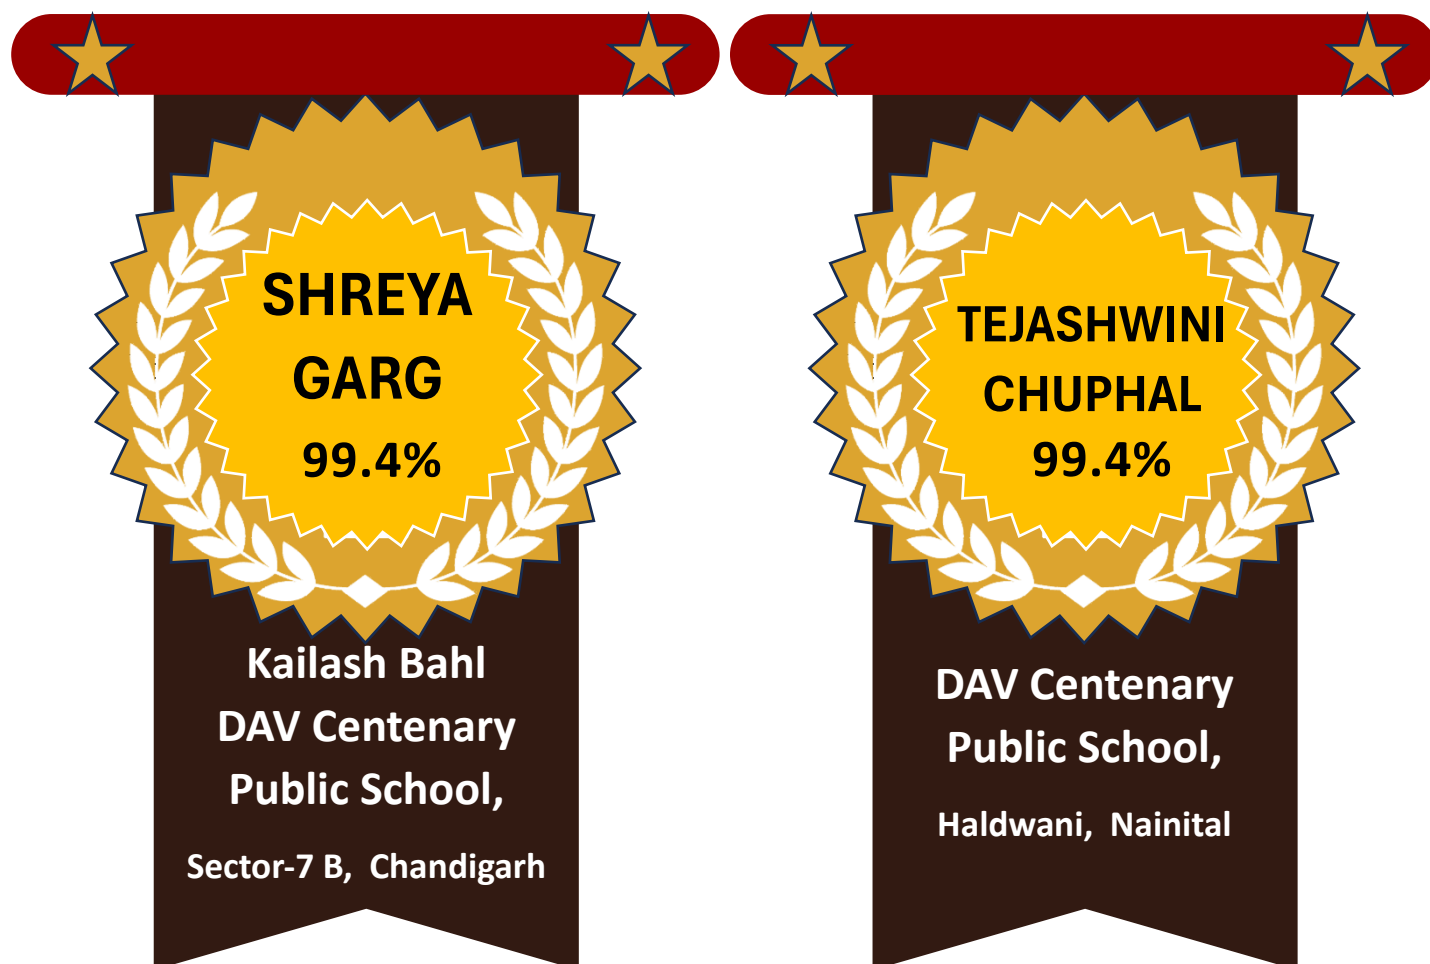

In addition, languages such as **Hindi Course-A and B, Sanskrit, Odia, Punjabi, and regional languages** like Kannada, Tamil, Telugu, Marathi, and Gujarati have also seen perfect scores, underscoring linguistic excellence

The second dataset, which includes **skill-based and vocational subjects**, shows a slightly more varied performance, with scores ranging from **51 to 100 marks**. Nevertheless, the introduction of modern disciplines like **Data Science, Beauty & Wellness, Health Care, and Marketing & Sales** reflects the system's progressive inclusion of industry-relevant education.

The first rank holders, who secured the highest aggregate marks in the Senior Secondary Examination conducted by the CBSE, have been featured in Section 9.2 of this chapter. The placement of rank holders at the Senior Secondary level has been done stream-wise, based on the aggregate marks obtained in each stream, and is presented in Sections 9.3.1, 9.3.2, 9.3.3, and 9.3.4.

## 9.2 Meritorious Students (Std XII)

The entire DAV Organization beams with pride at the outstanding achievements of these students. Each meritorious student and topper has been honoured with a prestigious Letter of Applause from the President of DAV CMC, in recognition of their exceptional performance.

## 8.4 Laureate Certificates

We have established a tradition of awarding the '**Laureate Certificate**' to DAV students who score the highest marks in individual subjects. The number of Laureate Certificates issued this year in each subject for Class XII is documented in Table 9.4.1.

The '**Laureate Certificate**' is conferred under the joint signatures of the President and the General Secretary of the DAV College Managing Committee.

### Inference

A significant number of DAV students have achieved **perfect scores (100 marks)** across a wide range of subjects, reflecting strong academic excellence and high standards of teaching. The **highest number of top scorers** is seen in:

- **Accountancy** (75 students)
- **Psychology** (73 students)
- **Informatics Practices** (63 students)
- **Business Studies** (56 students)
- **English Core** (53 students)
- **Chemistry** (47 students)
- **Mathematics-Standard** (41 students)

### Inference

Additionally, the presence of perfect scores in emerging subjects like **Artificial Intelligence (17 students)** and **Information Technology (24 students)** highlights the organisation's focus on preparing students for future-oriented fields.

Moreover, Perfect scores in languages highlights the holistic approach that fosters **cultural awareness and multilingual proficiency**, further enriching the educational experience.

Overall, the data reflects **DAV's balanced and inclusive academic strategy**—encouraging excellence in both traditional academic disciplines and **emerging skill-oriented subjects**, while also nurturing **linguistic and cultural diversity**.

DAV has a longstanding tradition of honouring meritorious performance. In recognition of high academic achievement, students who score **90% and above** in the Secondary and Senior Secondary CBSE Examinations are designated as *High Achievers*, as they exemplify outstanding academic promise. To appreciate their commendable performance, the **President of the DAV College Managing Committee, New Delhi**, awards a ‘**Certificate of Achievement**’ to these meritorious students.

Secondary (Std X) Level

It has been observed that the number of students from DAV Public/Model Schools scoring **90% and above** has undergone a notable change. In **2023**, a total of **10,560** students achieved this benchmark, while in **2025**, the number slightly declined to **9,347**. However, this decrease corresponds with a proportional drop in the overall number of students registered for the **Grade X** examination, indicating a consistent level of academic excellence.

**The Graphical Representation of Data Shown in Table 9.2**

### Inference

The graph relating to Table 9.2 shows the number of students scoring 90% and above over the last three years (2023-2025) with a remarkable achievement in the year 2024, followed by a marginal dip this year. However, this decrease corresponds with a proportional drop in the overall number of students registered for the **Grade XII** examination, indicating a consistent level of academic excellence.

The following number of students from DAV schools, as presented in **Table 9.3**, will be awarded the '**Certificate of Achievement**' by the **President, DAV College Managing Committee** for securing **90% or above marks in aggregate** in the **Senior Secondary Examination** conducted by **CBSE in March 2025**.

## Striving for Excellence: DAV's Holistic Approach to Education and Empowerment

11

DAV follows an **eclectic approach to evaluation**, adopting a comprehensive method to assess the all-round development of a child. All three dimensions—the cognitive, the affective, and the psychomotor—are observed, assessed, and reinforced through thoughtful interventions and activities.

It is noteworthy that DAV has embarked on a continuous journey toward excellence, which operates at two levels: **Organisational** and **Institutional**.

### 11.1 ORGANISATIONAL LEVEL

Over the past decade, the DAV College Managing Committee has redefined its policy focus, placing greater emphasis on **consolidation and quality management**. To support this, the Managing Committee has established several departments dedicated to facilitating institutional development.

**Curriculum and instructional material development** focuses on global relevance, keeping in view the rapid advancements in Science and Technology, Information Technology, Electronics, and Media. This approach ensures both **quantitative and qualitative** growth.

The conceptual clarity developed during a child's formative years lays the foundation for future learning at the Secondary and Senior Secondary levels. Therefore, significant initiatives have been undertaken by the DAV College Managing Committee at the **Organisational level** to bring **uniformity and quality** to the academic standards across DAV institutions, starting from early childhood. In this movement toward academic excellence, the following efforts are noteworthy:

#### 11.1 (a) Initiatives and Efforts

With increasing competition, gaining admission into professional colleges has become one of the biggest challenges for students. Recognising the gravity of this situation, DAV monitors students' academic performance regularly to ensure that deserving students can fully realise their potential.

Performance Analysis is conducted across all DAV schools, and the trends have generally been very encouraging. DAV institutions are accountable not only to the DAV Organisation but also to parents and society at large. **Self-evaluation** is a regular feature of the DAV academic calendar.

The **Annual Performance Analysis** of CBSE Examinations (Classes X and XII) has become an integral part of this ongoing exercise at the organisational level. The schools' performance data is analysed from multiple perspectives and presented graphically and in tabular formats after comprehensive evaluation.

**In Nutshell we have taken following measures:**

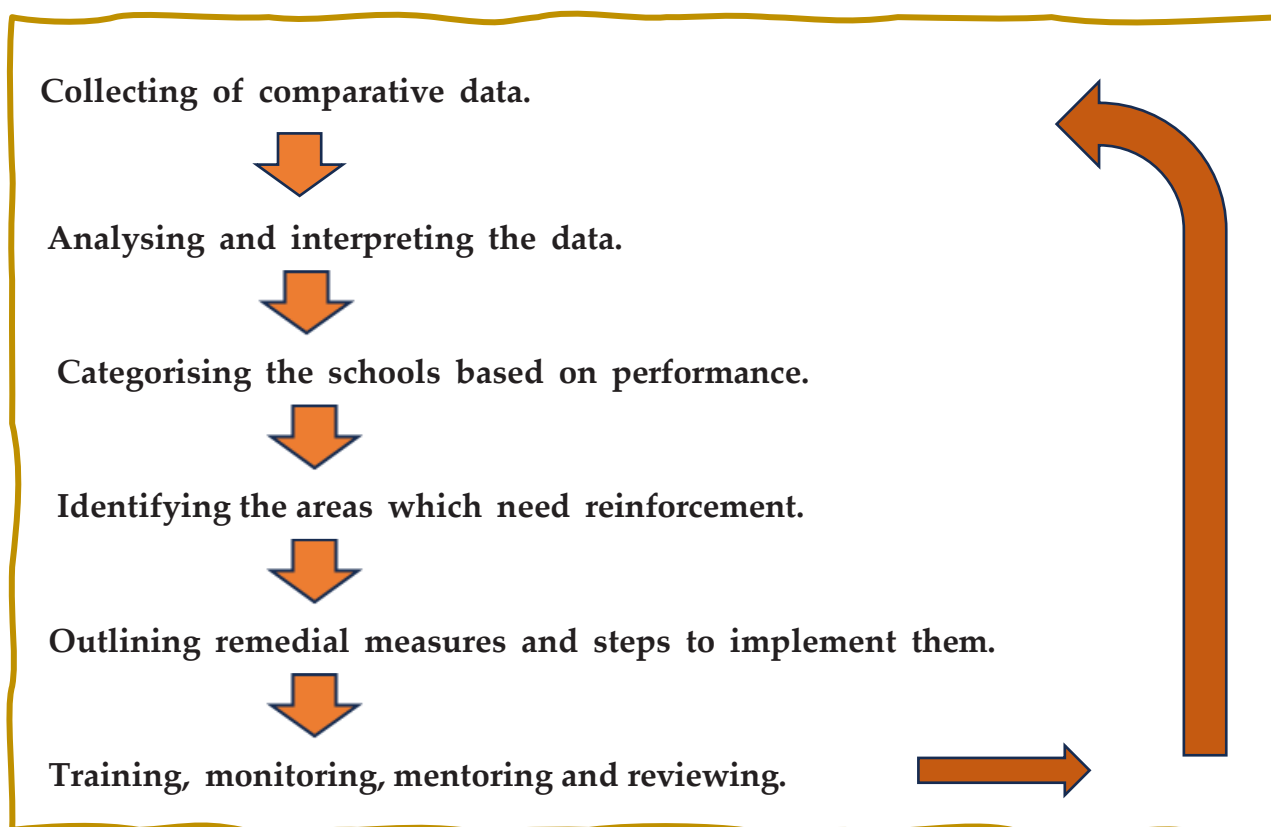

- A common set of text books prepared for Classes Pre-school to VIII.
- A need-based curriculum for Classes Pre-school to VIII.
- Curriculum Guidelines for teachers teaching Classes Pre-school to V.
- Teaching aids comprising Educational Kits, Audio CDs and Multimedia CDs.
- A common assessment system in tune with the CBSE Evaluation System especially from Early Childhood to Grade III.
- Regular monitoring of the professional development of our task force through Professional Development Programs especially crafted for the teachers and Leaders.
- A system of inspection through academic audit for academic counselling.
- Special stress on Value Education for Holistic development.
- Encouraging and motivating students through Olympiads.

### **11.1 (b) Benchmarking:**

Benchmarking ensures that the academic performance of DAV Public/Model Schools remains **par excellence**.

#### **Process and Areas of Benchmarking:**

Collected data is interpreted and analysed. The performance trail highlights both the **Performance Index** and **Pass Percentage** of schools. The analysis of Board Results (Classes X and XII) has brought to light **pockets of excellence**, as well as **areas needing immediate attention**.

### 11.1.2 Identification of Common Errors

The **first and foremost step** in improving student outcomes is to **sensitise educational institutions** about strategies that can help equip students with better learning and examination techniques. The starting point in this process is identifying **gaps in the learning journey** of our students.

Detailed documentation of commonly observed errors can serve as a **baseline** for designing corrective measures. The following errors, commonly noted in Board Examinations, offer valuable insights for both teachers and students and can prompt meaningful introspection:

- ✓ Answers often lack proper grammatical structure and command over language.
- ✓ Tendency to exceed the word limit.
- ✓ Responses are frequently irrelevant or incomplete.
- ✓ Essay-type answers lack proper organisation and structure.
- ✓ Difficulty in interpreting application-based or quotation-style questions.
- ✓ Poor expression due to inadequate vocabulary.

- ✓ Misinterpretation of questions.
- ✓ Errors in calculating statistical data and omission of units of measurement.
- ✓ Lack of coherence in creative writing due to insufficient practice.
- ✓ Lack of continuity and frequent repetition.
- ✓ Inability to deduce the meaning of unfamiliar words.
- ✓ Inaccuracy in writing short answers due to lack of practice.
- ✓ Confusion caused by similar behavioural verbs.
- ✓ Punctuation errors.
- ✓ Incorrect numbering of answers in relation to the question paper.
- ✓ Ignoring instructions and attempting questions incorrectly.
- ✓ Minor calculation errors due to inefficient time management.

### 11.1.2 Remedies for Further Enhancement in Performance

The major variation in students' performance can often be attributed to **differences in their approach to studies**. Performing well in examinations is a skill that must be **cultivated over time**. Knowing a little and presenting it effectively is often more rewarding, in terms of grades, than knowing a lot but expressing it poorly. A **well-organised answer**—structured with a clear beginning, logical flow, and proper conclusion—leaves a **positive impression on the examiner**.

The following suggestions are intended to help students **enhance their study and exam-taking skills**, ultimately leading to better performance.

### 11.1.3 (a) Suggestions

#### (a-i) General

- ✓ Students should be familiarised with the common errors frequently made in examinations.
- ✓ Thorough practice should be encouraged, keeping in mind the variety and format of questions.
- ✓ Value points must be clearly emphasised during teaching and revision.
- ✓ Action verbs in questions should be explicitly explained to ensure clarity in answering.

- ✓ Greater focus should be given to practice in application-based questions.
- ✓ Students must be encouraged to focus on the **appropriate use of language and grammar**.
- ✓ A **sense of inquiry** should be developed by encouraging students to ask reflective questions (e.g., *How?* / *Why?*).
- ✓ **Difficult topics** should be identified and thoroughly addressed until conceptual clarity is achieved.
- ✓ **Systematic revision** must be planned and executed with care.
- ✓ Where appropriate, **model answers** should be provided to serve as references.
- ✓ **Causes and consequences** must be explained with relatable examples for better understanding.
- ✓ Students should be trained to **read and comprehend questions carefully** before attempting answers.
- ✓ More effective use of **audio-visual aids** should be made to support learning.
- ✓ **Specialised test materials** should be developed for practice and reinforcement.
- ✓ **Selective study** should be actively discouraged; comprehensive coverage of the syllabus is essential.
- ✓ Students should be encouraged to use their own **reasoning and creativity**, avoiding stereotypical responses.
- ✓ Regular practice should be provided to help students **study and interpret data, diagrams, graphs**, and related content.
- ✓ Students should be guided on **proper time management** while attempting the question paper.
- ✓ Training should be imparted to help students manage **anxiety and nervousness**, and to build **self-confidence**.

**A subject-specific list of remedial suggestions has been compiled to help faculty members address commonly observed errors.** These suggestions cover all subjects and are organized under three broad headings for ease of reference.

However, it is anticipated that faculty members in each school will identify additional, more specific errors while analysing the performance of their students. Such insights should be documented and addressed at the institutional level to further enhance student learning outcomes.

### **(a-iii) Science and Mathematics**

- ✓ Revision and reinforcement of previously taught concepts is essential before introducing new topics.
- ✓ The focus of teaching and learning should be on conceptual understanding rather than rote memorization.
- ✓ Clarity in fundamental concepts must be prioritized to build a strong academic foundation.
- ✓ The teaching-learning process of Science and Mathematics should involve experimenting, exploring, and discovering, rather than relying solely on explanation.
- ✓ Educational visits to Science Centres, Museums, Botanical Gardens, Zoological Parks, National Laboratories (Physics/Chemistry), Planetariums, etc., can greatly enhance conceptual clarity and stimulate interest in the subject.
- ✓ To nurture a scientific temper, students should be encouraged to ask questions—especially the "**how**" and "**why**" behind every fact.
- ✓ Learning by doing is integral to Science education; hence, laboratory assignments must be undertaken with sincerity and given due importance.
- ✓ Projects, models, and simple classroom experiments should be emphasized as core elements of Science teaching.
- ✓ Science and Mathematics teaching must be linked to real-life situations to help students appreciate their practical applications in daily life.
- ✓ Students should receive adequate practice in solving a variety of questions based on the same concept. Parallel questions with altered statements or scenarios should be included in regular assignments.
- ✓ Rigorous practice in solving sums and numericals is necessary to develop proficiency and confidence.
- ✓ Regular reinforcement of basic tables and formulae is essential to minimize errors in simple calculations.
- ✓ Sufficient time for revision should be allocated to help students avoid careless mistakes, such as omitting units of measurement.

Teaching Science or Mathematics is not merely about covering topics in a syllabus; it is about nurturing a way of thinking. These subjects play a crucial role in developing scientific temper, logical reasoning, and analytical skills in students. The goal is to inspire curiosity, encourage questioning, and foster a love for exploration and discovery. When taught effectively, Science and Mathematics help students connect concepts to real-life situations, promoting deeper understanding and a lasting appreciation for the subject.

#### **(a-iv) Social Sciences**

- ✓ Rigorous practice must be provided to help students study and interpret statistical data accurately.
- ✓ Concepts should be linked to current affairs, national, and international issues to enhance relevance and understanding.
- ✓ Timeline charts and mind maps should be strategically used to simplify and organize historical events and developments.
- ✓ Multiple interpretations of significant historical events may be introduced to help students appreciate the depth and complexity of history.
- ✓ Selective study should be strictly discouraged; students should be guided to engage with the entire syllabus meaningfully.
- ✓ The use of audio-visual aids (e.g., films, documentaries) is essential to spark interest and enhance engagement in Social Science topics.
- ✓ Model answers should be shared, particularly for complex questions, to help students understand the structure and expectations of quality responses.
- ✓ Action words such as "explain," "compare," and "trace" must be clearly taught so students understand how to approach different question types.
- ✓ The causes and consequences of events or phenomena should be explained using relatable examples to build clarity.
- ✓ Students should be given rigorous practice in answering application-based questions to strengthen analytical thinking.
- ✓ Chapters with higher weightage should be allotted more time. Teachers should be able to grade content to ensure appropriate focus and depth.
- ✓ Adequate practice in reading and creating graphs is essential for understanding socio-economic data.
- ✓ Practice must also be provided in interpreting and analysing diagrams.
- ✓ Sufficient practice in map work using outline maps should be ensured.
- ✓ The importance and correct use of map symbols and index must be emphasized for accurate geographical understanding.
- ✓ Students should be exposed to different types of maps (physical, political, thematic, etc.) and given regular practice in using them.
- ✓ Classrooms should be made interactive through activities like group discussions, debates, panel discussions, role plays, field trips, and project work, especially while dealing with complex concepts.
- ✓ Visits to relevant places such as historical monuments, museums, the Parliament, or planetariums can help students connect theoretical knowledge with real-world contexts.

- ✓ Exposure to interviews or interactions with contemporary leaders and experts can further deepen students' conceptual clarity and inspire civic awareness.

### 11.1.3 (b) In-service Education:

In the process of identifying remedies to enhance student performance, **in-service education emerges as a critical factor**. It underscores the need for continuous **professional development** of the academic task force across our schools. The DAV Organisation follows a **two-pronged strategy** to address this area.

- To **empower both teaching and non-teaching staff** in enhancing the quality of the teaching-learning process and equip them to effectively meet the challenges of modern education.
- To **sensitise principals** to the importance of building a strong, committed, and focused team of teachers who take **collective accountability** for improving student performance.

The DAV College Managing Committee (DAVCMC), through the **DAV Centre for Academic Excellence**, addresses this need in close coordination with individual schools and the **Public School Cell**. **Customised training programmes** are being developed and implemented to cater to the specific requirements of our schools. The ultimate objective is for these initiatives to **cascade effectively to the school level**, where each institution actively undertakes **rigorous academic supervision**. This ensures the maintenance of **high standards in instructional delivery** across all subjects, thereby enhancing the overall quality of education.

## 11.2 INSTITUTIONAL LEVEL

The aim of the DAV Organisation is to **broaden the scope of assessment** and to explore multiple avenues for **enhancing student achievement**. Every DAV institution is expected to join hands in this collective endeavour. The following aspects require **serious consideration at the institutional level** to create a **comprehensive feedback system** that accurately gauges the effectiveness and efficiency of schools.

### 11.2 (a) Guidance & Counselling: Building Awareness Among Teachers and Parents

Guidance and counselling programmes should be implemented to **build awareness among teachers and parents** regarding students' emotional, psychological, and academic needs. These programmes can help stakeholders:

- Understand students' **learning styles** and challenges.
- Offer appropriate **academic and emotional support**.
- Encourage a **positive and nurturing** learning environment.
- Facilitate smooth communication between school and home.
- **Monitoring student attendance** to ensure consistent participation in the learning process.
- **Establishing effective home timetables** to help students manage their study schedules efficiently.
- **Providing conceptual clarity** in all content areas to strengthen understanding and reduce learning gaps.
- **Implementing remedial measures** systematically to address individual learning difficulties.
- **Developing examination skills** through regular practice, strategy-building, and feedback-based improvement.

## 11.2 (b) School-Based Activities for teachers

- **Creating awareness about changes** in the prescribed syllabus and **identifying difficult topics** that require focused attention.
- **Preparing blueprints and sample question papers**, along with **detailed marking schemes**, to ensure clarity in assessment patterns.
- **Monitoring student performance** continuously and **implementing targeted remedial measures** to bridge learning gaps and improve outcomes.
- **Identifying students' inherent potential** through observation, assessment, and continuous interaction.
- **Guiding students in the selection of appropriate streams** based on aptitude, interest, and academic performance.
- **Recognising individual learning needs** to provide tailored academic and emotional support.
- **Framing and implementing corrective measures** to address learning gaps and behavioural concerns.
- **Creating awareness about courses and career options**, aligned with students' multiple intelligences and evolving industry demands.
- **Providing information on job opportunities** in both national and international markets to broaden students' career perspectives.
- **Sharing preparation strategies and action plans** for various entrance and competitive examinations.

### 11.2 (c) Coordination between teachers, students and parents to monitor the Progress of Students:

Active and ongoing **coordination between teachers, students, and parents** is essential to monitor academic progress and address challenges promptly.

Teachers need:

- Support and training to continuously update their professional skills.
- Access to up-to-date teaching materials and digital resources.
- Opportunities for professional exchange through **collaborative programmes** with other institutions.

Pooling of resources, peer mentoring, and teacher exchange initiatives can foster growth and innovation in instructional strategies.

### 11.2 (d) School-Based Programmes to improve the transaction of Curriculum for:

To further enhance student performance, **school-based academic enrichment programmes** must be designed to:

- Support effective curriculum delivery.
- Encourage interdisciplinary approaches.
- Integrate skill-based learning methods.
- Reinforce continuous assessment practices

## 11.3 COMPREHENSIVE APPROACH TO EVALUATION

Throughout the **Performance Analysis**, we have emphasised various strategies by which DAV schools can **elevate student achievement and academic proficiency**. These efforts contribute significantly to the quality and consistency of education across the DAV network.

### 11.3 (a) A Deeper Commitment to Social Responsibility

DAV institutions are driven by a **noble mission** to educate the masses and build a **healthy, knowledgeable, and empowered society**. Social service lies at the **epicentre of all DAV activities**. The zeal with which the Organisation assumes its **social responsibilities** reflects its unwavering commitment to the **higher goal of nation-building**.

DAV is committed to educating students in **remotest villages of Chhattisgarh, Odisha, Manipur**, and other regions, where it is actively working to empower first-generation learners

from various tribal communities. Through its dedicated efforts, DAV is helping bridge educational gaps and fostering inclusive growth in some of the most underserved areas of the country.

DAV has taken education to the **doorsteps of the underprivileged**, even in **the remotest corners of India**. Despite limited resources, the Organisation continues to pursue its vision with extraordinary commitment and energy.

### Community Empowerment Initiatives

- **Jhuggi Cluster Projects:** Focused on the **rehabilitation and empowerment** of women and children from economically weaker sections by offering vocational skills and literacy programmes.
- **Social Awareness Campaigns:** Projects addressing **gender bias, dowry, sanitation, environmental awareness, and cleanliness drives**.
- **Partnership with CBSE:** Implementation of the **World Bank-sponsored Population and Development Education Project** in DAV Public Schools across states like Bihar, Jharkhand, Madhya Pradesh, Chhattisgarh, Rajasthan, Uttar Pradesh, Uttarakhand, and Haryana.
- **Disaster Relief Efforts:** Providing timely aid—monetary or in kind—to victims of **natural calamities such as floods, earthquakes, Tsunami, Pandemics**, or other manmade disasters such as **terrorism, fires, and other emergencies**.

### Value-Based Education and Cultural Revival

- **Charitra Nirman Shivirs and Jan Chetna Yatras** are conducted to instil **Vedic values and moral integrity**.
- The **Arya Yuva Samaj** continues to lead campaigns aimed at **reviving the spiritual and cultural consciousness** among youth.

### Towards Holistic Evaluation and Character Building

DAV schools are making consistent efforts to incorporate **value development within the scope of evaluation**—even in areas not typically covered by summative assessments.

Through these endeavours, DAV institutions have earned public recognition as schools that uphold **strong moral values alongside academic excellence**.
