Foreword

This exercise of Result Analysis has been taken up by the DAV College Managing Committee since 1998. The lens used in analysing has been inclusive, thoughtful and insightful. I am glad that at the school level too, there has been brainstorming, analysing and assessment of the results, and for this reason the schools have shown a definite improvement over the past years.

Performance Analysis presents a vivid picture, from all relevant angles of the academic standards achieved by our schools at the Secondary and Senior Secondary Levels. A detailed study of this document will help our schools to review the indicators involved in measuring the performance of students and thus, guide them towards achieving greater excellence.

This document is prepared as a stimulus for discussion on the matter. The intent is to generate responses about the concerns raised and to analyse the results at the school level, and devise processes aimed at promoting essential improvements in schools.

The major thrust in our efforts is to improve the quality of education in our schools and so, raise the academic performance of the students. True to the DAV philosophy, where modernity blends with tradition, we have focussed on the paradigm shift in education. There is more focus on the learners as knowledge creators than on the educators. Today's child in the modern world is to be prepared to learn and manage vast amount of information. We have to encourage in the children a spirit of inquiry to facilitate participative teaching-learning process. Our aim is to empower teachers with knowledge, skills and positive attitudes so that they start using technology as a vital tool in their teaching process and encourage students in attaining these objectives.

I sincerely feel that this study will be a comprehensive and valuable experience for our schools.

Preface

The Performance Analysis is prepared as a stimulus for discussion. The intent is to elicit responses about the concerns for promoting improvements in school curricular transactions. The document will require teachers to rethink not only about their teaching practices but also the very goals of teaching their subjects and work together to redefine expectations of students' learning and teaching practices.

This year the Performance Analysis has particularly analysed the qualitative performance of students at the Secondary and Senior Secondary Levels in minute detail. It is heartening to note that the students have demonstrated strong academic caliber. Many students have displayed outstanding academic achievement and promise.

The main purpose of the Performance Analysis is to identify and critically examine the strengths and weaknesses of the teaching-learning strategies and make improvements wherever necessary by using a comprehensive and cohesive approach, including computer aided teaching-learning and basic values incorporated in the curriculum of different subjects. With the new changes in education pattern DAV has adapted to the new activities and projects for holistic assessment of students.

I sincerely feel that the performance analysis conducted during the past years has been a valuable experience for our schools.

My grateful appreciation is due to the President for his guidance and support. The team of officials involved in the exercise is also worthy of appreciation.

This Performance Analysis has mainly been done zone-wise. There is a frequent reference to the zones under each Regional Director/Assistant Regional Director. The following table denotes the abbreviations used for each zone and the number of schools in 2017-18 at Secondary and Senior Secondary Levels under the concerned Regional Director/Assistant Regional Director. The table will, therefore, serve as a useful key when addressing the zones and also in locating the schools in each zone.

INTRODUCTION

Remodelled Assessment Structure Effective from the Academic Year 2017-18 for Class-X

Assessment is one of the most important components of learning. It is the roadmap to reach specific learning objectives, as through a variety of assessments, an educator may come to know whether the learning objectives are achieved or not. As the learning objectives have evolved over a period of time, we have moved from the 3R's (**R**eading, **W**riting, **A**rithmetic) to 4C's of the 21st century skills namely, **C**ollaboration, **C**ommunication, **C**reativity and **C**ritical Thinking. We proudly march towards achieving these learning objectives by giving our students the necessary opportunities to learn and practice, to think critically, analyse and make inferences.

Keeping in mind these learning objectives, the Central Board of Secondary Education (CBSE), on the restoration of Board Examination for Class-X, has revised the assessment structure and examination for Class-X from the Academic Year 2017-18 onwards.

Scholastic Area

Total 100 Marks				
(Syllabus for assessment will be only Class-X)				
Subjects	80 Marks (Board Examination) Student has to secure 33% marks out of 80 marks in each subject)	20 Marks (Internal Assessment) Student has to secure 33% marks out of overall 20 marks earmarked in each subject)		
		Periodic Test (10 Marks)	Notebook Submission (5 Marks)	Subject Enrichment Activity (5 Marks)
		(i)	(ii)	(iii)
Language 1	Board will conduct Class-X examination for 80 marks in each subject covering 100% syllabus of the subject of Class-X only. Both Marks and Grades will be awarded for individual subjects. 9-point grading will be same as followed by the board in Class-XII.	P e r i o d i c written test, restricted to three in each subject in an academic year. Average of the best two tests to be taken for final marks submission.	This will cover: • Regularity • Assignment completion • N e a t n e s s and upkeep of notebook	Speaking and listening skills
Language 2				Speaking and listening skills
Science				Practical Lab Work
Mathematics				Maths Lab Practical
Social Science				Map work and Project Work

Co-scholastic Activities

Schools should promote co-curricular activities for the holistic development of the students. These activities will be graded on a 5-point grading scale (A to E) and will have no descriptive indicators.

Activity	To be graded on a 5-point scale (A-E) in school	Areas and Objectives (as prescribed in the Scheme of Studies for Subjects of Internal Assessment)
Work Education or Pre-Vocational Education	By the concerned teacher	Work education is a distinct curricular area for students for participation in social, economic and welfare activities. Student gets a sense of community service and develops self-reliance. (for pre-vocational education as per scheme of studies)
Art Education	By the VA/PA or the concerned teacher	Art education constitutes an important area of curricular activity for development of wholesome personality of the students. Students will select one or more forms of creative arts.
Health & Physical Education (Sports/Martial/Arts/Yoga/NCC etc.)	By the PE Teacher	Health and Physical Activity preferably sports must be given a regular period. Students should be provided opportunities to get professionally trained in the area of their interest. Indigenous sports, yoga and NCC must be encouraged in the schools creating a sense of physical fitness, discipline, sportsmanship, patriotism, self-sacrifice and healthcare.

Discipline

Discipline significantly impacts career shaping and it helps build character. Sincerity, good behaviour and values develop strength and foster unity and

co-operation. Therefore, the element of discipline has been introduced. Class teacher will be responsible for grading the students on a 5-point scale (A to E).

As Class-X is the gateway to higher education and career choices, it is indeed important to have appropriate assessment. Assessment is an intrinsic part of the learning process. Assessment helps in getting relevant information about student's performance and progress. CBSE's uniform system of assessment is just the tool to guide the students and teachers towards achieving the learning objectives.

CHAPTER I

Arena of Educational Activities in DAV

The DAV Movement, which was founded more than a century ago, swept across the entire nation like a colossal wave engulfing ignorance, illiteracy and social deviations, and was involved in building up a healthy knowledgeable society and a strong nation.

The DAV College Trust and Management Society takes pride in the fact that it is the oldest and the largest non-governmental educational organisation in India. DAV Organisation is a conglomerate of more than 900 educational institutions that include Public/Model Schools, Aided Schools, a chain of Technical Institutions, Institutions of Management and Vocational Studies, Ayurvedic College, Pharmacy, Dental Colleges, Law College, Institutes of Physiotherapy and Nursing, Vedic Research Institutes, Colleges of Engineering and Technology, Colleges of Arts, Commerce and Science and also Colleges of Education. In the year 2013, another feather was added to the cap of DAV with the opening of DAV University at Jalandhar. It has been dedicated to the society with the objective of moulding young minds into integrated personalities with an innovative thinking, clarity in ideas with a rational perspective and a positive mindset.

The Legacy

The vision of a powerful and enlightened India had been conceived by Maharishi Dayanand Saraswati (1824-83). He devoted his whole life to awaken the ignorant, illiterate masses of this country. He knew that it could be possible only through education and literacy. The vision and philosophy of the fearless reformer, Maharshi Dayanand, was given a practical shape by Mahatma Hans Raj, who led the educational renaissance in India.

As his most important legacy, the Mahatma left behind a pragmatic and enlightened approach to education. One aspect of his approach was his choice of English-oriented Science-based education blended with Vedic values.

Another was the great emphasis he laid on women education. Lastly, true to the egalitarian basis of Arya Samaj philosophy (as conceived by Maharishi Dayanand), Mahatmaji believed in equality for all students irrespective of their caste, colour or creed. They were welcomed to join the DAV institutions. The first institution was established at Lahore in 1886 with Lala Hans Raj (Later Mahatma Hans Raj) himself as the dedicated Headmaster. Today, the movement is led by DAV veterans like Shri Punam Suri and his team of dedicated Office Bearers, who have a progressive vision. It is due to their dedication and farsightedness that every year DAV CMC is opening new schools in various parts of India. The following table presents the number of newly opened schools in the last five years.

Summary of Schools Opened

S. No.	Year	Schools Added
1	2013-14	14

The Mission

The DAV vision of education telescopes well with the National Policy on Education (1986) which lays great emphasis on developing a national system of education, with **Education for All**, keeping in mind the elimination of disparities in the educational system and provision of more facilities through qualitative interventions, empowerment of women, access to education to disadvantaged sections of the society, educationally backward minorities and the disabled. It also calls for greater rigour and discipline in academic pursuits, autonomy and accountability, experimentation and innovation, and nurtures excellence and modernisation of processes at different levels of education. In order to accomplish the mission, the objectives laid down are as under:

- To provide a wide range of holistic education by homogenising the western knowledge while remaining anchored to the Indian cultural moorings;
- To act as a catalyst of change by spreading education, and by dismantling the cobwebs of ignorance and illiteracy;
- To develop individuals who are morally upright, intellectually well-informed, socially concerned, emotionally balanced, physically well-developed and culturally accomplished;
- To stimulate a scientific temper by crusading against superstitions and outdated customs like child marriage, caste system, female foeticide, dowry, gender bias, regionalism, etc.;
- To sensitise individuals towards social welfare; and
- To nurture creative and resourceful minds who think big, think fast and think ahead, who care for the nation and the weaker sections of society, and are imbued with humanistic passions and values.

The Vision

The DAV has a clear-cut vision:

- To continue expanding and exploring, locally and globally, and be a knowledge leader and content provider.

- To master strategies to become a global epicentre of knowledge, culture, skills, technology, research and service.
- To empower women through education.

Academic Renaissance

Holistic Education

The DAV believes in a holistic approach to education for the all round development of personality of the child. DAV believes that every child should be given an opportunity to bloom, a right to explore, to touch, learn and enjoy, to experiment, to question, to think, to play and to shoulder responsibility. So different aspects are to be published for 'Holistic Education': physical, academic, intellectual, social, spiritual and emotional development as well as creative expression and aesthetic appreciations.

All institutions lay stress on curricular and co-curricular activities–personality development, building confidence, as well as developing life skills, communicative skills and scientific temper. Academic management involves fostering creativity, questioning and inquiry skills by improving the classroom climate, curriculum design emphasising project-based, problem-based, interdisciplinary, integrated and thematic learning. A rainbow of creative activities covers different aspects like literary, art, music, dance, theatre, etc

Inclusive Education

DAV caters to the needs of urban as well as rural students together with *adivasi* and tribal children. In tune with the **National Literacy Mission**, DAV Organisation has carried education to the doorsteps of the needy and the under-privileged. Even the remotest areas of India have been provided with basic life skills.

DAV is involved in social welfare schemes, education for the weaker sections and for students from tribal areas, comprehensive plans for the upliftment of tribal people in North-East Regions, programmes for the disadvantaged sections of the society and for the mentally challenged children of society.

Equalisation of Educational Opportunities

True to DAV Values, schools have been catering to the needs, specially for the under-privileged. The DAV Public Schools have provided fee concessions, free text books, free uniforms, free transport, mid-day meals, and have also provided non-formal education for the needy. The Organisation has been targeting the *jhuggi* clusters as part of its empowerment and rehabilitation programme. The aim is to enable women and children of under-privileged class to survive in society and provide them with skills to find employment once they are out in the field. Residential and Day schools have been opened in remote and inaccessible areas.

Women's Education and Development Programmes

DAV institutions are conscious about education of girls. The DAV philosophy of education pays equal attention to the personality development of both boys and girls. Providing job opportunities to women is also a priority. Free vocational training and literacy units are dedicated to hundreds of women of slum areas and gadgets, like sewing machines, are provided to them for their initial settlement.

Environmental Concerns

Environmental issues, like the reduction of pollution and sustenance of the environment, have also been taken up by DAV institutions. Several projects like 'van-mahotsav', 'say no to poly-bags' campaign, 'say no to fire crackers' campaign, water conservation and anti-pollution drives are regularly carried out by the DAV Schools in order to create awareness not only among the students but the whole community. The students from DAV institutions have carried out sanitation and cleanliness drives in the school neighbourhood also.

National Concerns

DAV has always been a pioneer for any National cause specially in the hour of National Crisis. Whether it be the earthquake at Pauri or Gujarat, the Kargil war, the Odisha tragedy, or the Tsunami catastrophe, or the recent flood at Kedarnath temple and Jammu & Kashmir, DAV has always risen to the rescue by donating generously in the form of cash, kind and voluntary service to alleviate suffering.

Futuristic Vision

The main thrust now is on a well-planned expansion with global relevance keeping in view the revolution in the fields of electronics, computers and multimedia. Global shifts towards increased deployment of IT has made the DAV also look through the lens of good governance and move towards E-administration and E-services. DAV has undertaken many initiatives to use ICT to modernise the organisational system in its institutions. The use of IT has led to greater transparency, accountability and participation in the institutions.

The focus has been on monitoring, planning and deployment of ICT to manage data intensive functions. The institutions primarily are focussing on automation and computerisation. The thrust has now shifted from manual processes to IT-enabled processes leading to increased efficiency in administration and service delivery, focus on teaching-learning in schools with Internet access and computer labs, and also by offering info-tech courses.

Academic Monitoring – Performance Analysis

Introspection and self-evaluation has been the DAV initiative. In this direction, the document titled, *Performance Analysis*, is prepared to assess the performance of students who appear in the CBSE Board Examination. DAV has a tradition of celebrating the achievement of its performers every year on Hansraj Diwas. Encouragement is given to students. Certificates and Medals are given to honour the meritorious students from DAV schools, who secure 90% and above marks in the CBSE/State Board Examinations.

CHAPTER II

Benchmarking Performance

The DAV Organisation had taken up the exercise of Performance/Result Analysis of the CBSE Examination in 1998. The first Performance Analysis was conceptualised to assess the performance of students who appeared in the CBSE Board Examinations at Secondary as well as Senior Secondary levels. Since then this document is printed every year and has proved very helpful in diagnosing the strengths and weaknesses of our schools, and has served as a guiding tool to further enhance the academic standards. This annual exercise of monitoring and evaluating the track record of the performance of students has been a Lighthouse to the DAV Organisation in keeping a vigil over the quality of our institutions. The entire gamut of these tasks eventually facilitates the Heads of the Institutions in sorting out the required remedial measures for their institutional enhancement. Every Institution is able to pinpoint the overall goals, enlisting the commitment of their staff.

It is expected that the Performance Analysis will be able to:

- Sensitise DAV institutions for taking cognizance of their positions at local, zonal and national levels to finally fix a benchmark for the further improvement in the academic standards of their institutions.
- Present a comparative study of the quality of academic performance of the schools run by DAV CMC vis-a-vis other non-DAV schools affiliated to CBSE.
- Provide feedback to the schools to locate their areas of strengths and weaknesses and plan school-based diagnostic and remedial measures accordingly for the students as well as the teaching staff.
- Provide a database to evolve plans and strategies for the Workshops during the Performance Enhancement Programmes (PEP).
- Study and interpret the Performance Indicators responsible for improving the academic standards of the DAV Institutions.

Five steps involved in the preparation of this document are:

- collecting the data,
- studying and interpreting the data trends,
- comparing and analysing the facts,
- documenting the strong/weak areas of the institutions and
- benchmarking the levels.

The statistical information has allowed the schools to:

- document how much progress they are making.
- compare their overall performance with similar schools.
- be aware of their school performance data in comparison to national performance data.
- make a comprehensive and focussed record of the progress made by an individual pupil.
- make a firm effort towards performance enhancement.

2.1 The Archives

It is useful to study the past data as it helps in benchmarking so that schools can determine how they can improve their performance and use past information of data trends to assess and evaluate their performance. Teachers can reflect on a range of new strategies to facilitate the preparation and improve the performance of the students in the examination.

The number of students in the DAV Public/Model Schools has shown an enhancement in enrolment as is visible from the Table 2.1.1 and 2.1.2.

Table 2.1.1**Growth Trend of Students in Std X in DAV Public/Model Schools.**

Level	2009	2010	2011	2012	2013	2014	2015	2016	2017	2018

A Graphic Representation of the Data in Table 2.1.1**Inference**

In absolute terms, there has been a consistent growth year after year in the student enrolment at Std X Level in the past ten years. As for the last five years from 2014 to 2018, the cumulative growth in absolute numbers is 11309 (68367-57058), showing a percentage growth of 19.82%. However, the annual percentage growth shows quite a variation as under:

Year	Percentage Growth
2013-14	4.57
2014-15	2.50
2015-16	7.01
2016-17	3.69
2017-18	5.34

A Graphic Representation of the Data in Table 2.1.2**Inference**

In absolute terms, there has been a consistent growth year after year in the student enrolment (except 2015-16) at Std XII Level in the past ten years. As for the last five years from 2014 to 2018, the cumulative growth in absolute numbers is 4002 (45662-41660), showing a percentage growth of 9.61%. However, the annual percentage growth appears to be fluctuating during the last five years as under:

Year	Percentage Growth
2013-14	5.79
2014-15	1.15
2015-16	-1.21
2016-17	0.98
2017-18	8.62

2015	17381	42140	41.25
2016	17489	41629	42.01

2018	19365	45662	42.41

A Graphic Representation of the Data in Table 2.1.3

Inference

In absolute terms, there has been a consistent growth each year in the number of girl students studying at Std XII in DAV schools. However, during the last five years, the percentage of girl students to the overall strength seems to be consistently fluctuating in a range between 40.83% (2014) and 42.41% (2018).

For understanding and assessing the level of present performance, it becomes essential to compare the performance of the past years. Keeping this very principle in mind, the Qualitative Performance Index (QPI) of the past 10 years has been compared in order to assess the trend of the growth of DAV Public/Model Schools.

Table 2.1.4

Trends of the Past 10 Years of QPI and Pass Percentage of DAV Public/Model Schools at Senior Secondary Level.

* QPI does not include DAV Mukhyamantri Schools in the State of Chhattisgarh.

A Graphical Representation of the QPI Given in Table 2.1.4

Inferences

- From Table 2.1.4, it is clear that the number of schools eligible for sending students for CBSE (Std XII) has consistently increased over the last 10 years, i.e. from 2009 to 2018. As for the last five years, the growth has been consistent, though small in absolute numbers, as under:

Year	Number of Schools	Increase over last year
2014	331	18
2015	349	18
2016	365	16
2017	385	20
2018	449	64

- During the last 10 years, the Pass Percentage has improved from 87.53% in 2009 to 89.12% in 2018. During the last five years (2014-18), the Pass Percentage has remained almost above 90% except in the year 2017-18, where it has shown a marginal dip (of 0.88%) as presented under:

Year	Pass Percentage
2014	91.75
2015	91.14
2016	92.72
2017	90.09
2018	89.12

- During the last 10 years, the QPI has generally improved in a consistent manner from 67.81 in 2009 to 71.47 in 2018 with the highest as 73.30 in year 2015. With regard to the short span of last five years, the QPI appears to be fluctuating as shown under:

Year	QPI
2014	71.32
2015	73.30
2016	71.62
2017	70.04
2018	71.47

CHAPTER III

Result Profile

The results of the Senior Secondary Examination conducted by the Central Board of Secondary Education (CBSE) for the session 2017-18 were declared in the second last week of May 2018. The overall analysis of the CBSE results has revealed that this year too students from DAV Public/Model Schools have fared much better than students appearing from other categories of schools in the CBSE examination, thus, fortifying our faith in DAV system of education.

Analysis of the performance of DAV Public/Model Schools has been undertaken at two levels: **Quantitative** and **Qualitative**. The quantitative analysis reveals the percentage of students who have qualified, out of all the students who had appeared for the same examination. The qualitative analysis reveals the degree of merit of the performance (based on the average score) of an institution.

Quantitative Analysis

The **quantitative analysis** indicates the percentage of the total number of students who have qualified the examination conducted by CBSE.

In the session 2017-18, **449** DAV Public/Model Schools sent their students for the Std XII examination. As compared to this, last year students from **385** schools had appeared for the Std XII examination. This indicates an increase of **64** schools which were upgraded as CBSE affiliated Senior Secondary schools in the year 2018.

In the session 2016-17 at the Senior Secondary level, **41836** students appeared from the DAV Public/Model Schools in the CBSE Board Examination. As compared to that year, **45384** students appeared for this examination in the year 2018. This indicates that this year, **3548** more students have appeared for this examination.

Table 3.1.1

Year-wise Comparative Pass % with CBSE Overall Pass %

Year	DAV Pass %	CBSE Overall Pass %
2014	91.75	82.66
2015	91.14	82.00
2016	92.72	83.05
2017	90.09	82.02
2018	89.12	83.01

The Graphical Representations of Data Shown in Table 3.1.1

Inferences

- Table 3.1.1 indicates that during the last five years the Overall Pass Percentage of DAV Public/Model Schools at Senior Secondary Level has been consistently higher than the CBSE Overall Percentage.
- The following table presents the percentage advantage of DAV over CBSE Overall.

Year	DAV A	CBSE Overall B	Percentage advantage over CBSE Overall (A-B)
2014	91.75	82.66	9.09
2015	91.14	82.00	9.14
2016	92.72	83.05	9.67
2017	90.09	82.02	8.07
2018	89.12	83.01	6.11

More important, vis-à-vis CBSE Overall Pass Percentage, DAVs advantage in percentage terms is always on the higher side. For example, vis-à-vis CBSE overall pass percentage, while it was 9.09% in 2014, it increased to 9.14% in 2015, 9.67% in 2016 and slightly decreased to 8.07% and 6.11% in 2017 and 2018 respectively.

Qualitative Analysis

The **qualitative analysis** reveals the degree of merit of the performance (based on the average score) of an institution.

$$\text{QPI (for Std XII)} = \frac{\text{Grand Total Marks of the Appeared Students}}{\text{Total Number of Students} \times \text{Number of Subjects}}$$

3.2 Qualitative Analysis at Senior Secondary Level (Std XII)

The qualitative assessment of DAV Public Schools is based on the average score of each DAV student who appeared in the CBSE Board Examination this year. It can be arrived at by taking the grand total of marks obtained by each DAV student, who took the examination, and dividing it by the product of the total number of DAV students, who took the examination, and the total number of subjects (first five subjects). The score, thus, arrived at, is the **Qualitative Performance Index (QPI)** which indicates the quality of the performance of DAV students of a particular school.

Table 3.2.1

Std XII	70.04	71.47	1.43

A Graphical Representation of the Data in Table 3.2.1

Inference

The QPI at the Senior Secondary Level has **increased** by **1.43** as compared to the year 2017.

CHAPTER IV

Zone-wise Analysis

In the previous chapter we have analysed the overall performance of DAV Public/Model Schools. In this Chapter we will undertake the zone-wise analysis of quantitative and qualitative performance of DAV Public/Model Schools.

4.1 Zone-wise Quantitative Assessment

The zone-wise quantitative analysis reveals the Pass Percentage of students who appeared for the Std XII CBSE Board Examination. The Pass Percentage of each zone is then compared to the DAV Overall Pass Percentage to indicate its variation from the National Index.

4.2 Zone-wise Qualitative Assessment

The qualitative performance of each zone indicates the quality of performance of the schools in the CBSE Board Examination at Senior Secondary Level. The score, thus, arrived at is known as the **Qualitative Performance Index (QPI)** of that zone.

Categories at Senior Secondary Level

Five Categories have been devised on the basis of which the qualitative

performance of all the DAV Public/Model Schools is assessed, and accordingly, the schools are placed in the said categories.

CHAPTER V

Zone-wise Performance of Students

This Chapter reveals information about the performance of students of Std XII on the basis of percentage of aggregate marks obtained by them.

All the students, who have passed the Std XII Examination, have been slotted in the ranges given below as per the aggregate marks obtained by them.

- 75% & Above
- 60% to 74.99%
- 45% to 59.99%
- 33% to 44.99%
- Below 33%

This information as presented in the Table 5.1 holds special significance for all the zones. It is obligatory for every Zone to prepare a comparative data of the performances of the previous years with that of this year and then explore possibilities of improvement while preparing a specific plan of action.

CHAPTER VI

Performance Analysis: Subject-wise

This Chapter deals with the subject-wise analysis of the performance of DAV Public/Model Schools. This will help us to know the overall academic standards at the subject level and thus, enable the schools to locate their areas of strengths and weaknesses, and take appropriate action. For the year 2018, we have done subject-wise analysis of students' performance in each zone. This data will be helpful to DAV CMC to plan their PEP (Performance Enhancement Programme) workshops for the teachers teaching the subjects in which the performance of the students has not been found satisfactory.

6.1 Subject-wise Analysis at Senior Secondary Level

DAV Public/Model Schools offer a myriad of options to their students at the Senior Secondary level. The students, as per their aptitude and interest, may opt for subjects, such as Mathematics, Physics, Chemistry, Biology, Biotechnology, Engineering Drawing, English/Hindi Core and Elective, Sanskrit, Regional Languages, History, Geography, Psychology, Accountancy, Physical Education, Painting, Sculpture, Informatics Practices, Computer Science, Entrepreneurship, Music (Vocal, Instrumental, Percussion), Textile Science, Design & Pattern Making, Clothing Construction, Basic Design, Dyeing & Printing, IT Systems, Business Data Pro, etc. For carrying out the subject analysis, subjects commonly opted by the students in a particular stream have been grouped together as 'Language and Science', 'Commerce and Humanities' and 'Other Subjects'.

The Tables 6.1.1, 6.1.2, 6.1.3 reflect the qualitative performance of all the zones in the major subjects at Senior Secondary level. This in-depth analysis of each zone's performance clearly pinpoints the areas in which their performance has suffered a setback or the areas in which their efforts have been successful.

CHAPTER VII

The Pride of DAV

A. The Achievers at National Level

A ranking of the best three schools at the national level in the year 2018 has been done keeping in view the **Qualitative Performance Index** and also the number of students at the Senior Secondary level. (It has been felt that to compare a school with student strength, for example, of 40 students with a school having more than 200 students at the Senior Secondary Level will not be doing justice to either of them.)

The schools have been placed in six groups, keeping the students' strength in view. This has been done to promote fair and healthy competition among our schools.

The schools are awarded '**Pride of DAV**' certificates under the signatures of the President, DAV College Managing Committee.

CHAPTER X

Success Mantra

The results of the CBSE Board Examination in the past years reveal that some schools have consistently performed well. The scores of individual students topping the All India Board Examination of CBSE, as well that of the school performance, at the Senior Secondary level have brought laurels to the DAV Organisation and done us all proud.

The case studies of two DAV Public Schools as given in 10.1, highlight success stories of schools that have delivered a high level of performance consistently. The case studies reveal success achieved as a result of teachers and pupils benefitting from sharing classroom materials, and motivation rendered in some other non-academic field, helping the students to perform well in academics, by inspiring impressionistic minds.

DAV Schools have high expectations from their pupils, and with a dedicated staff and excellent standards of teaching-learning, they have been successful in achieving good results. To improve learning outcomes, a few schools are constantly looking for Information and Communication Technology (ICT) solutions that support teachers, students and administrators. This has been possible by establishing a collaborative environment for teachers and pupils to share learning resources, classroom skills and teaching practices. A set of E-learning modules have been created by staff that support all curriculum areas and ensure best practice through E-learning.

The case studies reveal success achieved as a result of –

- Students studying interactively.
- Teachers and pupils benefitting from sharing classroom materials.
- Motivation given in some other non-academic field helping the students to perform well in academics.
- Information and Communication Technology (ICT) solutions that support teachers, students and administrators.
- E-learning modules created by staff that support all curriculum areas and ensure best practice through E-learning.
- Good infrastructural support.

As a result, students have pushed the boundaries of learning with outstanding results -

- CREATING OPPORTUNITIES
- HARNESSING POTENTIAL
- ACHIEVING EXCELLENCE

10.1 Case Studies of Schools

DAV PUBLIC SCHOOL, UPPAL'S SOUTHEND, SECTOR-49, GURUGRAM

Introduction

"The whole purpose of education is to turn mirrors into windows."

- Sydney J. Harris

Believing in the above words, with its roots firmly set and extensively spread to preserve the treasure of *Vedic* culture and values, and its widespread branches reaching out to engulf novel conceptualisations, DAV Public School, Uppal's Southend, Sector-49, Gurugram, established in the Year 2010, has rolled out its first batch of Class-XII this year(2017-18). The school stands erect to nurture, foster, guide and support 2400 plus students to spread their fragrance all around the world.

Mission

Our goal is to-

- provide holistic education by homogenising the western knowledge while remaining anchored to the Indian culture moorings.
- act as a catalyst of change by spreading education, and by dismantling the cobwebs of ignorance and illiteracy.
- sensitise individuals towards social welfare.
- nurture creative and resourceful minds, who think big, think fast and think ahead to care for the nation.

Vision

We strive to foster in our children-

- Academic excellence and holistic development
- Inter-cultural awareness and international tolerance
- Acceptance and appreciation of global diversity
- Sensitivity towards environmental conservation
- Awareness about issues of global concern

Aim

We envision and dream for empowered students, who are-

- **Resilient** to adapt to the changing world.
- **Inquirers** to enquire the authenticity of the information before accepting.
- **Challengers** to challenge concepts and thought processes.
- **Developers** to develop the ability to organise and lead.

Infrastructure

The School has-

- Spacious smart classrooms, open spaces and amphitheatre.
- Activity Rooms and 3D Lecture Hall.

CHAPTER XI

Crusade for Better Performance

DAV has an eclectic approach to evaluation. We have adopted a comprehensive approach while developing and evaluating the all-round personality of the child. All the three dimensions—the cognitive, the affective and the psycho-motor are developed, observed, assessed and reinforced through thoughtful interventions and activities.

DAV has embarked on a continuous voyage towards excellence. The journey synthesises at two levels: Organisational and Institutional.

11.1 Organisational Level

Over a decade, DAV College Managing Committee has redefined the focus of its policy. The main thrust now is on consolidation and quality management. For this purpose the Managing Committee has set-up several departments to facilitate the development process. Development of curriculum and instructional material has special reference of global relevance keeping in view the pace of unprecedented growth and development in the field of Science and Technology, Electronics, Computers and Media. Thus, the process of quantitative and qualitative development goes hand in hand in DAV.

The conceptual clarity which develops in the formative period of childhood eventually forms the foundation for the performance of students at the Secondary or Senior Secondary levels. Hence, various steps have been initiated by the DAV College Managing Committee at the Organisational level, to bring **uniformity** and **quality** in the academic standards of DAV institutions, right from the early childhood stages. In this movement towards academic excellence, the following efforts are worth mentioning:-

11.1 a) Initiatives and Efforts:

- ◆ A common set of books prepared for Classes Pre-school to VIII.
- ◆ A need based curriculum for Classes Pre-school to VIII.
- ◆ Curriculum Guidelines for teachers teaching Classes Pre-school to V.
- ◆ Teaching aids comprising Educational Kits, Audio and Multimedia CDs.
- ◆ A common assessment system in tune with the CBSE Evaluation System.
- ◆ Regular monitoring of the professional development of our task force.
- ◆ A system of inspection for academic counselling.
- ◆ Annual analysis of performance in the CBSE Board Examinations (X & XII).

Today, the competition has grown at a tremendous rate and placement in professional colleges is a task for the students. DAV has been monitoring performance regularly, and so academic standards are maintained and immense potential of the deserving students is well-harnessed. Performance Analysis of the DAV schools and colleges is conducted and the data trends as obtained are found to be highly encouraging.

All the DAV institutions are accountable to not only the DAV Organisation, but also to the parents and the society. Keeping this wider perspective in view, self-evaluation functions as a regular exercise in the DAV calendar.

Annual Performance Analysis of the schools both for the **CBSE Board Examinations (X & XII)** as well as the **DAV Examination Board**, and monitoring assessment has become a part of this regular exercise, at the Organisational level. The data of the performance of schools is viewed from various angles and presented graphically and in tabular forms, after a thorough analysis.

11.1 b) Benchmarking

In our endeavour to ensure that the academic performance of DAV Public/ Model Schools is par excellence, we begin with **Benchmarking**.

- ◆ Collecting of comparative data.
- ◆ Analysing and interpreting the data.
- ◆ Categorising the schools based on performance.
- ◆ Defining areas which need reinforcement.
- ◆ Outlining remedial measures and steps to implement them.
- ◆ Training, monitoring and reviewing.

Areas of Benchmarking

The data has already been collected, interpreted and analysed. The performance trail reveals Performance Index of the Schools, as well as the Pass Percentage that has been studied in detail. The achievement levels of X and XII Board Results of our institutions have disclosed some pockets of excellence and some areas where immediate attention is required. This year we have focussed on a detailed analysis of the Std XII CBSE Board Examination in particular.

11.1.2. Identification of Common Errors

The DAV, thus, sensitises the educational institutions towards various measures of equipping our students with better examination strategies. The first and foremost step in this exercise is to identify the gaps in the learning process of our students.

A specific **detail of errors, generally committed by the students**, can form a baseline for our institutions in formulating specific corrective measures. The Common Errors (enlisted below), as sorted out from the mistakes generally committed by students in the Board Examinations, might serve the purpose of food for thought for the teachers as well as students and facilitate introspection.

- ◆ Answers are not properly grammatically structured.
- ◆ Tendency to exceed word limit.
- ◆ The content presentations are not up to the mark by the student, being irrelevant or incomplete.
- ◆ In essay type questions, students are unable to organise the content matter in a desired manner.
- ◆ Inability to comprehend application-based questions specially the ones in the form of quotations.
- ◆ Poor expression due to lack of proper vocabulary.
- ◆ Wrong interpretation of questions.
- ◆ When statistical data is given, students commit mistakes in calculating and also forget to write the unit of measurement.
- ◆ Incongruent in creative writing (lack of practice).
- ◆ Lack of continuity and frequent repetitions.
- ◆ Inability to deduce the meaning of unfamiliar lexical items.
- ◆ Inefficiency in writing short answer questions due to lack of practice.
- ◆ Confusion between some (similar) behavioural verbs.
- ◆ Punctuation errors.
- ◆ Answers are not numbered in accordance with the number of questions in the question paper.

11.1.3. Remedies for Further Enhancement in the Performance

A large part of the difference in performance is due to differences in the way the students approach studies. Faring well in examinations is a skill, that needs to be developed: To know a little and to present that little well, is by and large, superior to knowing much and presenting it poorly, when judged by the grade received. A neat bundle, with a beginning and ending, is very satisfying for the examiner.

The following suggestions might stimulate Collaborative Partnerships to facilitate enhancement of the study skills in every student.

11.1.3. a) Suggestions

a-i) General:

1. Students be familiarised with common errors done in exams.
2. Thorough practice in all type of questions.
3. Value points to be emphasised very clearly.
4. Action verbs to be clearly explained.
5. More practice to be given in application-based questions.
6. Sense of inquiry to be encouraged in students by encouraging them to ask questions (How/Why).
7. Difficult topics to be identified and dealt in detail; till the concept is clear.
8. Revision to be carefully done.
9. Model answers to be provided in some cases.
10. Causes and consequences to be explained with examples.
11. Students to be given training to read questions properly.
12. More effective use of audio-visual aids.
13. Special test materials to be developed.
14. Selective study to be discouraged.
15. Students to be encouraged to use their own reasoning instead of giving stereo-type answers.
16. Thorough practice to be given to study and interpret the data/ diagrams/graphs, etc.

Practice makes a man perfect.

A probe into **subject-wise** specific list of **remedial suggestions** to correct the common errors has also been prepared for the benefit of the faculty members of our schools. All the subjects are covered under three broad headings. It is expected that still more specific errors will be identified by the faculty members of every school, while analysing the performance of their students.

a-ii) Languages:

1. Practice be given to the students weak in grammatical areas and structures.
2. Sample Paper be provided for accuracy of facts, etc.
3. Teachers need to be aware of the objectives of teaching different aspects/ skills of language.
4. A conscious development of listening skills in students can lay a strong foundation in imbibing the nuances of the language.
5. To improve comprehension, students can be given graded passages to provide different levels of complexity for improving linguistic competence.

6. For word attack enough practice can be given in puzzling out the meanings of the given words from the text.
7. Practice to be given in reading skills. Skimming and scanning strategies should be cultivated. Students to be encouraged to read material beyond the text to internalise language as a whole.
8. While teaching grammar, a teacher should focus on the functional aspect and its application and apply it in natural situations/contexts.
9. In letter writing, practice to be given on different kinds and variety of topics.
10. More practice is required in writing compositions, and the importance of both content and expression should be brought out, to help the students write better articles.
11. In teaching poetry, teachers should adopt new techniques and strategies through play of words, figures of speech, so that students learn to appreciate poetry.
12. Thorough knowledge (recall of the important points) of the text (Supplementary Reader) should be emphasised.
13. A variety of questions (factual, global, analytical, evaluative, etc.) be framed for practice. Clear idea about the marking scheme be given.
14. More discussion on open-ended questions should be taken care of. Students should be exposed to a lot of extrapolatory questions, to trigger critical and analytical thinking.

These points are applicable to the process of teaching-learning of all the languages: Hindi, Sanskrit, English, etc. However, English being the medium of instruction, an overall **command over English** can help **enhance the performance in all other subjects as well**.

a-iii) Science and Mathematics:

1. Sufficient practice be given to the students to solve a variety of questions based on the same concept. Parallel questions may be framed by changing statements and situations and given as regular assignments for practice.
2. Sufficient practice should be given in solving sums and numericals.
3. Revision of concepts is very necessary before starting any new topic.
4. Comprehension of concepts is important rather than rote learning/memorising of concepts.
5. Emphasis to be laid on the basics of the concepts.
6. Teaching-learning of Science/Mathematics needs more of experimenting, exploring and discovering rather than explaining.

7. Students should be given a lot of regular practice with tables/basic formulae to avoid mistakes in simple calculations.
8. Sufficient time should be set aside for revision to take care of careless mistakes (e.g. forget to write the unit of measurement).
9. Visits to Science Centres, Science Museums, Botanical Gardens, Zoological Parks, National Laboratories (Physics/Chemistry), Planetarium, etc., can generate interest in the subject by facilitating conceptual clarity.

Truth not only must inform but also must inspire. If the inspiration dies out and the information only accumulates, then truth loses its infinity.

a-iv) Social Sciences:

1. Thorough practice to be given to study statistical data.
2. Correlation to be established with Current Affairs, National Issues, International Issues.
3. Timeline charts and handy charts should be used while teaching History.
4. Every aspect (different interpretations/explanations) to be clarified while teaching.
5. Selective study should strictly be discouraged.
6. Make frequent use of audio-visual aids (films, etc.) to generate interest in Social Science.
7. Model answers may be given to confusing questions from difficult topics.
8. Action words (explain, compare, trace, etc.) should be clearly explained to students.
9. Causes and consequences to be explained with examples.
10. More practice to be provided for application-based questions.
11. Chapters having more weightage should be given more time. While managing the content, the teachers should be able to grade it.
12. Practice should be given in graph reading and graph making.
13. Practice to be given to read and interpret the diagrams.
14. Sufficient practice to be given in map work (using outline maps). Map filling indicating symbols, proper index and also studying different kinds of maps to be practiced.
15. Classrooms can become lively by involving the children in interactive activities. Group Discussions and Project Methods to be organised to teach difficult concepts.
16. Visit to relevant places (Historical monuments, Museums, Parliament, Planetarium, etc.) can facilitate conceptual clarity in the students.
17. Exposing the students to contemporary leaders of repute (interview, etc.) can facilitate conceptual clarity in the students.

Education is not the filling of a bucket, but the lighting of a fire.

11.1.3. b) In-service Education

In the process of enumerating remedies for enhancing the performance, in-service education plays a very vital role. This calls for professional development of the task force of our schools. DAV Organisation has a two-pronged strategy to cover this area.

- ◆ To facilitate the teachers in enhancing the quality of teaching-learning process, to meet the challenges of modern education.
- ◆ To sensitise the principals towards building a strong team of focussed teachers who feel accountable for improving the performance of students.

The DAV CMC through DAV Centre for Academic Excellence caters to this in coordination with the schools as well as the Public School Cell. **Customised training programmes** are being organised to take care of the special needs of our schools. These programmes have to finally, filter down in such a way that the schools, at their own levels, start a vigorous pursuit of the task of **academic supervision** in order to maintain **effective instructional transaction** in each subject.

11.2 Institutional Level

The aim of the DAV Organisation is to expand the assessment repertoire and explore multiple ways to enhance the attainment level of the students. Every institution is expected to join hands in this endeavour. The following aspects need a careful consideration at the institutional level to create a comprehensive feedback system to gauge the effectiveness and efficiency of the schools.

11.2. a) Guidance & Counselling for providing awareness to the teachers and parents in the:

- ◆ Identification of the student's inherent potential.
- ◆ Selection of streams.
- ◆ Identification of individual needs.
- ◆ Framing/Implementing corrective measures.
- ◆ Enhancing the existing performance levels.
- ◆ Creating awareness about the courses and job opportunities based on multiple intelligences.
- ◆ Providing knowledge about the job opportunities available in national and international markets.
- ◆ Sharing tips and action plan for preparing for different entrance exams.

11.2. b) Coordination between teachers, students and parents to monitor the:

- ◆ Attendance of students.
- ◆ Home timetable of students.
- ◆ Conceptual clarity in the content areas.
- ◆ Allocation of assignment in different subjects.
- ◆ Cultivation of examination skills.

11.2. c) School-Based Activities for teachers for:

- ◆ Enlisting difficult topics from the prescribed syllabus.
- ◆ Gaining awareness of the changes in the prescribed syllabus.
- ◆ Preparing a Blue Print and Sample Question Papers along with Marking Schemes.
- ◆ Monitoring the preparation of each and every student.
- ◆ Sorting out and implementing remedial measures.
- ◆ Understanding the psychological issues related to adolescents.

Teachers would require support for developing, updating the above mentioned professional skills. Access to required materials can be arranged. Resources can be pooled and exchange programmes with other schools can also be organised.

Handle with care! You can make or mar them.

11.2. d) School-Based Programmes to improve the transaction of curriculum for:

- ◆ Stimulating thinking skills in children with the help of brainstorming questioning skills.
- ◆ Regular reinforcement to follow the correction work.
- ◆ Regular/Effective use of teaching aids (maps, charts, globe, lab equipment, etc., and interactive board).
- ◆ Regular use of internet for retrieving relevant information.
- ◆ Making project work a regular part of the curriculum.
- ◆ Developing subject labs where they can experiment, explore, prepare scrap-books, charts, graphs, articles, etc.
- ◆ Facilitating students in their preparation for admission/enrolment to professional colleges.

11.3 Comprehensive Approach to Evaluation

Throughout the exercise of Performance Analysis we have tried to draw the attention of our schools towards various ways to further the achievement and enhance the proficiency levels of their students in academic areas.

DAV institutions have been functioning with a noble cause of educating the masses for building a healthy knowledge society and a strong nation. Infact, social service forms the epicentre of all the DAV activities. The missionary zeal with which the institutions have assumed this social responsibility shows commitment to the higher goal of nation-building through special packages.

Education has been carried to the doorsteps of the **needy** and the **under-privileged** and even to the remotest corners of India. The task is uphill, the resource meager, but commitment and zeal are tremendous. The Organisation has been targetting the *jhuggi* clusters as part of its empowerment and rehabilitation programme. The aim is to enable women and children of under-privileged class to survive in society with the help of vocational skills which are provided to them.

Projects focussing on **social concerns** like gender bias, dowry, drives for environmental sustenance, awareness drives for sanitation and cleanliness, have also been taken up by DAV institutions. The Central Board of Secondary Education has joined hands with DAV College Managing Committee to implement its World Bank sponsored Population and Development Education Project in the CBSE affiliated DAV Public Schools, starting with the States of Bihar, Jharkhand, Madhya Pradesh, Chhattisgarh, Rajasthan, Uttar Pradesh, Uttarakhand and Haryana.

DAV Schools have been sensitive to the needs of the people who are suffering. Help in the form of cash or kind is extended to the victims of terrorism, fire accident, earthquake and other natural calamities.

Value education forms an integral part of the DAV system of education. To create awareness of *Vedic* values and ideals, Charitra Nirman Shivirs and Jan Chetna Yatras are being organised regularly. *Arya Yuva Samaj* has spearheaded a campaign to rejuvenate the missionary consciousness in the youth of today.

DAV Organisation is making a concerted effort for bringing about a social renaissance in Indian village. The concept of *Arya Model Gram* is gaining vogue. *Arya Yuva Clubs* have been formed to stimulate the rural population, who have begun to shoulder the responsibility of disseminating literacy, cultivating a sense of basic hygiene, organising mass marriages, distributing blankets, clothes, etc., constructing public conveniences, organising medical camps, arranging mobile library, etc., to uplift the village life. More than 50 villages have already been adopted by our schools/colleges. The youth have enthusiastically collected donations to help the needy and poor and provide basic amenities to the villagers.

Keeping in step with the DAV Ideology, our schools are also making a determined bid to bring those **values of personality** within the purview of evaluation, which though important for life, are not being covered by the system of summative evaluation. In fact, the Indian public has begun to identify DAV as educational institutions with a **sound value system on a sound academic base**.

*Destiny is no matter of chance, it is a matter of choice;
It is not a thing to be waited for, it is a thing to be achieved.*

– William Jennings Byron

*May we assemble and march
forward with a common purpose.
May we confer together with open minds
and work together harmoniously for common good.
May we pool our thoughts for integrated wisdom and always work
actuated by higher ideas, because, our ancestors achieved their
high eminence and fortune on account of their unity.*
